Scouts can also go tubing for \$8 on their own at Winterplace. This is a great chance for a scout to learn to ski or snowboard for the first time at a very reasonable cost. This annual trip was the first ski trip for many older scouts who are now experienced skiers and snowboarders. The lessons are taught very well and encouraged for the scouts.

Please Note

Parental participation is needed. WE NEED BOTH CAR POOL DRIVERS (vans or large vehicles) and SKIERS. You do not have to drive to be a ski leader on this trip but you will need to be a registered volunteer leader. Questions regarding this matter can be discussed with Fran Gillis. Call Jack Conter with questions (W=770-989-3564), (H=770-535-6847), or (Cell-404-432-3857).

BSA TROOP 629 SKI TRIP Equipment List

If you are not a regular skier or plan to become one please note suggestions on minimizing out of pocket expenditures. Please note it will get very cold there with possible freezing rain while skiing.

Packing:

- **Full Scout Uniform and class "B" T-shirt – Travel in Class A**
- Duffel like bag (no pack frames - with plenty of waterproof bags).
- Sleeping bag, pad & pillow (sleeping on floor of Church activity center Friday night).
- Eating utensils (knife, fork, spoon, cup, bowl, & plate).
- Toilet articles (soap, toothpaste/brush, comb, towel, etc.).
- Flashlight with fresh batteries.
- Extra change of clothes (socks, shirts, trousers or sweat suit).
- Boots or hiking shoes
- Heavy coat or windbreaker with sweater
- Knit cap and waterproof gloves (recommend two pair of gloves if you have them)
- Items like games/reading material for road and nighttime.
- Radios & CD players with headphones only.
- Waterproof disposable camera with your full name and phone number written on it with a permanent marker.
- Two way radios if you have them for communicating with fellow scouts on the slopes
- Organize ski equipment and clothes in a separate bag that will be easy to get to on Saturday. We will be going straight to the Ski resort from the church activity center Saturday morning after driving 3-4 hours. (This means gloves, hats, sweatshirts, goggles, ski pants, etc)

Equipment:

- **Ski's-poles-boots or Snowboard and boots:** Included in rental package and trip cost as requested. Bring your own equipment if you have it.
- **Insulated gloves:** nylon, need to be waterproof. Inexpensive ones are OK. They don't have to be "ski gloves" just insulated. Bring two pair if you have them. Many boys have had to ski with wet gloves the second day, so a second dry pair would be nice.
- **Eye Protection:** Each scout must take and have sunglasses or ski goggles.
- **Sunglasses/Sunscreen/Lip Gloss:** Snow reflected sunburnt retinas are painful. If overcast sunglasses will also provide wind protection. They don't need to be expensive, UV protection and plastic frames, Suggest not too dark of shade, so they will wear them if just overcast. Also suggest a glasses cord (to keep them on their head when they fall, climbing UPHILL just for a pair of sunglasses is a pain) Sunscreen for exposed skin is also needed.
- **Ski Goggles:** Good item, not required. Good to have to wear over prescription glasses. All ski goggles are UV protected, so scouts wearing goggles will not be required to have sunglasses. They protect better from the cold. (Borrowing from friend, they are pretty durable, is possible).
- **Jackets:** Ski Jackets, are nice but not required. Any nylon jacket with some moisture protection is sufficient: Starter Type team jackets are good or heavy nylon lined coats are OK
- **Socks:** Most important, good warm socks. Wool insulated ski or wool insulate socks. Heavy cotton socks can suffice, but they do not 'wick' the sweat away from your foot as well as wool.
- **Head and Neck Wear:** A good knit hat that pulls down over the ears, a wool cap with ear flaps or the wool/knit head bands that cover the ears are all sufficient. It is highly recommended that the scouts wear turtleneck shirt to protect his neck or just an extra knit headband to wear around neck. Kerchiefs and scarf's can be effective also
- **Pants:** Ski pants or ski bibs are best and can be rented if needed at \$6 per day. Usually made of nylon and lined somewhat. Alternatives: A great alternative are the nylon sweatpants like with jogging suits, a little Scotch Guard and a pair of cotton sweats or long johns underneath and you have a great set up. Jeans get wet and will not be comfortable.
- **Lockers:** Lockers are available for rental at the SKI resort = \$1 per day - They can be shared. A great place for storing extra sweatshirts etc. that can be used throughout the day for layering as the temperature changes.
- **Helmet:** if snowboarding, for your safety
