HopeTree Family Services provides residential care to at-risk youth as well as adults with developmental disabilities. All children are treated the same regardless of ability to pay. No discrimination will take place on the grounds of race, color, sex, or other classification protected by law. All children will have equal access to nutritious meals in accordance with federal law and USDA policy.

The Developmental Disabilities Ministry shall develop, carry out, and regularly monitor policies and procedures governing discrimination in the provision of services to adult residents with developmental disabilities. HopeTree Family Services shall comply with all state and federal laws, including any applicable provisions of the Americans with Disabilities Act (42 USC 2101 et seq.), prohibiting discrimination on the basis of race, color, religion, ethnicity, age, sex, disability, or ability to pay.

Gifts Given

A Message of Hope

“... they saw the child with his mother Mary, and they bowed down and worshiped him. Then they opened their treasures and presented him with gifts of gold, frankincense and myrrh.”

--Matthew 2:11

The gifts Jesus receives from the Wise Men had great practical value in addition to their symbolic importance. Certainly, there were costs involved in raising a family then just as there are now. While we have no record of the fact, it seems certain the gold, frankincense, and myrrh were exchanged at some point for food, shelter, and other necessities.

Those precious gifts symbolizing Jesus’ royalty, divinity, and mortality sent an unmistakable message that has endured for over 2000 years. Furthermore, they provided for the young family’s immediate physical needs. They were on the verge of fleeing to Egypt to escape the jealous, cruel King Herod who ordered his soldiers to execute all male children of Jesus’ age.

Dr. Richerson chats with a visitor at the Brunswick Stew.

The at-risk children and youth in our care have no fear of jealous kings. ***They do fear uncertain futures.***

The families of adults with intellectual disabilities we care for have no fear of murderous soldiers. ***They do long for their loved ones to lead the fullest, most productive lives possible.***

Your support not only provides important practical necessities for our residents. You send a symbolic message that will follow them the rest of their lives. Someone who doesn’t even know them, loves them.

Camp on Craig Graduates Two from WOODS

WOODS

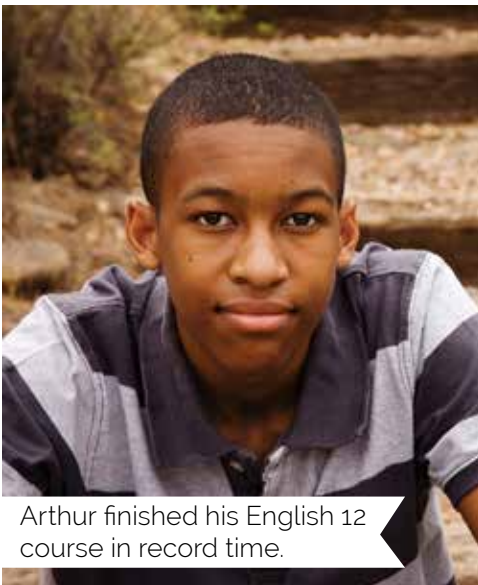

HopeTree congratulates two young men who recently earned their high school diplomas from the Wilderness Outdoor Opportunity Discovery School (WOODS) in Craig County.

Arthur came to WOODS because his troubles in school stemmed from associating with the wrong people. After 11 months at WOODS, Arthur now understands the importance of associating with friends who will support him in productive, positive ways rather than encourage him to follow them into trouble. While at WOODS he became determined enough to apply himself to his studies so that he has graduated

with his high school diploma as a 16-year-old. Arthur's key to success was realizing he could make his own path through life instead of following others'.

Arthur has returned home to live with his mother. He plans to enroll in an apprentice program with a company in his hometown.

Ty came to WOODS because his family knew he needed a highly structured environment to overcome his personal challenges. As a result of the WOODS program's structure, Ty completed an enormous amount of school work using Independent Studies as a platform to earn his high school diploma.

Arthur finished his English 12 course in record time.

Ty will soon begin an apprenticeship.

Service Locations

Ty completed his 12th grade English class in record time for WOODS. He also achieved the highest score on the end of class test ever recorded at the program.

Ty has transferred to a less restrictive group home/independent living setting where he can continue to develop his personal living and academic skills.

Arthur and Ty were able to make such great academic progress due to WOODS' small class sizes and unique school environment.

Christmas Emphasis

"On coming to the house, they saw the child with his mother Mary, and they bowed down and worshiped him. Then they opened their treasures and presented him with gifts of gold, frankincense and myrrh."

-- Matthew 2:11

What was the most wonderful Christmas gift you ever received?

A hand-knit sweater from your grandmother? A hard to find book by your favorite author? A new baseball glove you 'really, really needed'?

How was it wrapped? You probably do not remember.

So much time and energy is spent creating beautiful wrappings for the gifts we give and receive, yet, when the moment comes to open those gifts, we tear the wrappings aside, discarding them forever. We seldom remember the wrapping because we are so enamored with the gift that resides within.

Shouldn't we do the same thing with our perceptions of people?

When the Wise Men approached Jesus, they came not to offer gifts and worship to a two-year-old child. They came to worship the ***spirit of God dwelling within the child***. They were able to see past his human body and glimpse the majesty of the Holy Spirit living within.

HopeTree Family Services looks past the wrappings of abuse, neglect, behavioral issues, and emotional distress that often disguise the truly wonderful gifts of the spirit residing in the children and youth in our care.

Adults with intellectual disabilities have too long been instantly judged solely on the wrappings of their appearances. HopeTree Family Services' Developmental Disabilities Ministry understands the precious

gift that dwells within each man and woman with intellectual disabilities. The at-risk children and youth in our care need someone to help them cast aside the superficial coverings they use to shield themselves from the experiences that brought them to HopeTree. Adults with intellectual disabilities living in our group homes need assistance in realizing just how much they can truly contribute to their communities simply by living full, productive lives.

They need you.

During this season of gifts and celebration, please look beyond the artificial wrappings the world has placed upon at-risk children and youth, as well as adults with intellectual disabilities. See the genuine spirit that lives within each person in our care. Take this opportunity to minister to their spirits. ***Touch their souls with the same generosity the Magi demonstrated two millennia ago as they bowed before the Christ Child.***

Camp Coley-Keaton

A week of fun, friends, and frivolity.

Developmental Disabilities Ministry

For the men and women who participate in the Developmental Disabilities Ministry (DDM), nothing outshines the week they spend at Camp Coley-Keaton. They see old friends and make new ones. They participate in long-cherished activities and discover new events they enjoy.

Very few of the men and women in care have the opportunity for the traditional annual vacation most Americans cherish. So Camp Coley-Keaton was established to give DDM participants a way to 'get away from it all' with their house mates and friends within the ministry from near and far. This event each September is often the only time residents from the far reaches of Virginia can spend time with each other, and they cherish every moment.

From fishing to crafts to an evening with Elvis, Camp provides a vast variety of activities that give the attendees a pleasant mix of exercise, relaxation, excitement, and reflection. Bible studies, quiet time, talent shows, and hay rides all combine to create a lively, enjoyable week that these amazing men and women might not otherwise experience. Your continued support of the

Developmental Disabilities Ministry makes not only Camp Coley-Keaton possible, but all the other aspects of this ministry that so greatly enhances the quality of life for each man and woman in care.

Visit HopeTreeFS.org to see a video of the fun Camp Coley-Keaton offers.
