Dear Therapist:

ProKids provides professional advocates to serve the interests of abused and neglected children in Hamilton County Juvenile Court cases. Our advocates are called CASAs (Court Appointed Special Advocates) and are appointed by the court pursuant to Ohio Revised Code 2151.281.

In order to collect information I need your assistance. Attached is a form asking for current information on the child. Please complete the form and return it to me in the enclosed envelope. Your input is critical in helping me determine what is in the best interests of the child. Thank you for your help.

Sincerely,
