

# Grundy Area Vocational Center

*"DISCOVER A FUTURE THAT WORKS"*

Serving the communities of Coal City, Gardner-South Wilmington, Minooka and Morris

TO: Parents of Building Trades Students  
FROM: Bob Humbert, Instructor  
SUBJECT: Insurance Coverage

Because of the nature of the work of the Building Trades class, it is necessary that all members in the class are covered by insurance. Student accident insurance is available through the home school and covers the entire 2012-2013 school year. You may feel that you have adequate insurance coverage and may not wish to purchase additional insurance from the home school for this purpose.

For our records, please indicate one of the following:

We have purchased insurance coverage through the home school.

In my judgment, we have adequate insurance coverage and do not wish to purchase school insurance.
