Since 1926, Boys & Girls Clubs of Tampa Bay has provided safe environments for youth during out of school time as an alternative to being on the streets or home alone.

We present opportunities to build skills that raise a Club Member's belief that he or she can succeed and receive the recognition he or she deserves for personal, social and academic accomplishments.

Boys & Girls Clubs of Tampa Bay serves more than 12,000 youth annually and doors are open five days a week for young people between the ages of 5-18 years, and Clubs are accessible and affordable for everyone.

With 18 Clubs in both Hillsborough and Pasco Counties, Boys & Girls Clubs of Tampa Bay is dedicated to helping all young people reach their full potential.

The mission of Boys & Girls Clubs is to enable all young people, especially those who need us the most, to reach their full potential as productive, responsible, caring citizens.

## IMPACT OF YOUR SUPPORT

The ARCADIS Charity Golf Tournament has raised more than \$100,000 for Boys & Girls Clubs of Tampa over the past ten years.

We continue to aspire to maximize participation and support in order to reach our goal - raising the funds to support FIRST (For Inspiration and Recognition in Science and Technology).

FIRST inspires young people's interest in science and technology, starting at age 6 and continuing through middle and high schools.

Club Members in grades 4-8 can participate in the FIRST Lego League (FLL), where they are immersed in real-world science and technology challenges.

Club Members in grades 7-12 can participate in the FIRST Tech Challenge (FTC), where they design, build and program robots to compete against other teams in various athletic challenges.

With consistent engagement, youth develop valuable life skills and discover exciting career possibilities while learning that they have the ability to make a positive contribution to society.

By supporting the 11th Annual ARCADIS Boys & Girls Club Charity Tournament, you are directly contributing to FIRST and making a huge impact on the youth of Tampa Bay.
