The Promoting Nursing Education in Kansas (PNEK) grant is a Robert Wood Johnson Foundation-funded State Implementation Program project being conducted by investigators at KU School of Nursing and PSU School of Nursing. The purpose of the project is to support academic progression for Kansas nurses. To achieve this goal, we need first to establish baseline metrics for the current RN workforce in Kansas.

We appreciate your assistance in completing this survey regarding the nursing workforce at your organization. Please provide your best estimate, if you do not have the exact data. All information will be kept confidential and findings will be reported only in aggregate form.

*1. Name of your organization

*2. How many RNs and LPNS are currently working in your organization (Full-time, part-time, and/or PRN)?

Number of RNs

Number of LPNs

*3. Educational Preparation of RNs. Please provide an approximate number for each category.

Number of ADN RNs

Number of BSN RNs

Number of ADN-prepared RNs currently enrolled in a BSN program

We would like to find out about the diversity of your RN workforce. Questions 4 - 7 pertain only to RNs.

*4. Age of RNs - please provide an appoximate number for each group.

20 - 40

41 - 60

> 60

*5. Gender of RNs. Please provide an approximate number for females and males RNs.

Number of Females

Number of Males

*6. Race/Ethnicity of RNs. Please provide an approximate number for each group.

American Indian/Native American	
Asian	
Black/African American (Not Hispanic/Latino)	
Hispanic/Latino	
Pacific Islander	
White/Caucasian (Not Hispanic/Latino)	
Other	

7. Military Status of RNs. Please provide an approximate number for each category.

Currently Active Duty	
Military Reserve	
Veteran	

*8. Do you have an informal and/or formal BSN hiring preference?

	Yes	No
Informal BSN Hiring Preference	○	○
Formal BSN Hiring Policy	○	○

Other (please specify)

9. Thank you for participating in this survey. Please provide any comments you may have.
