# Welcome

At Cambridge Regional College we pride ourselves on being one of the most successful and technologically-advanced Colleges of Further Education in the United Kingdom with over 4,000 full-time and 6,000 part-time students.

We offer international students a choice of two excellent campuses when they study with Cambridge Regional College - one in the city of Cambridge, renowned for its history, education and architecture, and the other at our new London campus, with fast and easy transport to the attractions of one of the world's most exciting capital cities.

Cambridge Regional College offers a unique range of opportunities for international students from all over the world. We don't just provide English - we provide English combined with vocational courses, academic university preparation and higher education courses.

Cambridge Regional College's International Centre has a very high success rate when it comes to the progression of its international students – with an outstanding percentage of students passing their courses and progressing to Higher Education and further study.

Our Cambridge International Centre is not a private language school, but one of the teaching centres at Cambridge Regional College (CRC).

In choosing Cambridge International Centre you will benefit from:

- Excellent teaching facilities
- Studying in purpose-built accommodation
- Learning alongside British students and enjoying the same benefits as these students
- Practising your English with native speakers
- Government inspected teaching/learning
- Lower fees as the College is not a private language school

# CRC Cambridge Campus

The beautiful and historic city of Cambridge is home to the world-renowned University of Cambridge, founded in 1209, and one of the UK's most successful cities. A centre of educational excellence, it is also at the heart of the high technology industry, with some of the world's leading businesses based in the city.

Cambridge lies within easy reach of Stansted, Luton and Heathrow airports and is just over one hour from London by car or train. This cosmopolitan city has a lively university student population.

A wide variety of modern and traditional cultural activities are on show all year round including concerts, stage plays and art exhibitions. The colourful Cambridge market is a key feature of the central square and the city boasts two major shopping centres, The Grafton Centre and the recently developed Grand Arcade.

Cambridge offers a wide range of clubs and societies, covering the arts, entertainment, performance and sport, together with a wide range of social and cultural events and festivals including the annual Strawberry Fair and Cambridge Folk Festival.

## Superior Facilities

The College has recently undergone an exciting redevelopment that has increased the size and facilities at our Cambridge Campus enormously allowing students to utilise the most up-to-date and purpose-built facilities to support their studies.

CRC's learning environment, equipment and facilities are amongst the very best in the country.

We encourage students to use our extensive learning resources, IT suites and video conferencing facilities independently and to work on assignments and develop research and study skills using the Internet, CD-ROMs, interactive videos or one of more than 700 computers available at CRC.

Our excellent sports facilities include a modern sports centre, with squash courts and a fully equipped fitness suite. A full programme of activities includes over 20 teams competing in most major sports. Student facilities include modern coffee shops, cafeterias and restaurants plus hair and beauty salons, while the College has an active Students' Union which arranges social activities and outings both in the UK and overseas throughout the year.

## Accommodation

### Homestay

Students live with a local English speaking family in their home, usually based within two miles of the College's campus. The family provides accommodation, together with breakfast and evening meal each day, plus lunch on Saturday and Sunday. A host family does not necessarily mean father, mother and children – some are retired couples or single people.

### Halls of Residence

Students can apply to live in our halls of residence, both in Cambridge and in London

# CRC London Campus

London is a diverse and exciting city with some of the world's best sights and attractions. You can't fail to be excited by London's amazing attractions. See London from above on the London Eye; meet a celebrity at Madame Tussauds; examine some of the world's most precious treasures at the British Museum or come face-to-face with the dinosaurs at the Natural History Museum.

It is home to some of the best museums and galleries in the world – many of which are free. Spend a few hours in the British Museum, Tate Modern, Natural History Museum or the Science Museum, where you can browse the permanent collections at no cost. London attracts some of the biggest events in the world and is home to the world's most popular music venue – The O2 arena. The 2012 Games showed off London's awesome sport venues, from Earl's Court to Wembley Stadium.

## State-of-the-art Training Resources

Our new London Campus offers a superb range of high quality courses, where international students will benefit from all the expertise and experience of Cambridge Regional College with the additional benefit of being in London.

The focus of the London Campus is on high-level learning, with Higher Education courses available in a Business Studies, Management, Tourism and Hospitality, Law and Information & Technology.

Students can also study for qualifications, such as University Foundation programmes and specialist Pre Masters training to prepare them for further, higher education study.

Our new London Campus is based at New Enterprise House in Chadwell Heath and is approved by the London Borough of Barking and Dagenham for D1 license to run as an Educational Establishment.

Our London Campus is a modern, well-equipped building, with state-of-the-art training resources, with nearby public libraries and leisure centres and an attractive range of local shops. There are a number of restaurants in the area, including Italian, South Asian and Jamaican, as well as traditional British eateries and takeaway restaurants.

The CRC London Campus is located to the north east of central London in the London Borough of Barking and Dagenham. The mainline train service linking Chadwell Heath to Liverpool Street provides excellent access into London, with its many attractions such as St Paul's Cathedral, the Tower of London, the Barbican Centre, Lloyds of London and Buckingham Palace. Chadwell Heath is also linked to London by the new London Crossrail railway line which will link Chadwell Heath by a new state of the art rail service to central London as well as Heathrow Airport. The magnificent Olympic Stadium, home to the London Olympic Games of 2012, is also easily accessible from the town by public transport.

The area is well-served by public transport, and the College is easily accessible by numerous buses.

## A Levels

GCE Advanced Level (A Level) is an UK national qualification which is used by British universities to determine an applicant's suitability for acceptance on an undergraduate degree programme. The quality of the A Level qualification is recognised throughout the world.

Success at A Level allows students to choose the right university and Degree from every UK university. If you have exceptional academic ability, your ambition might be to graduate to either Oxford or Cambridge University or a UK medical school. These institutions are some of the most competitive in the world requiring the highest standards from students. You will need specialist preparation in addition to your excellent academic qualifications. Our A Level programmes offer high quality preparation for the very best students.

Our A Level programmes are designed to provide students with a package of A Level qualifications allowing for them to progress to the university of their choice with the correct qualifications.

We offer packages in the following areas of study:

- Business
- Law
- Engineering
- Science (including Bio-Medical)
- Computing

Our A Level programmes take two years to complete and the syllabuses are divided into a number of modules, four for most academic subjects and six for Mathematics. Externally assessed examinations are taken at the end of year one (AS Level) and final examinations are taken upon completion of year two (A2 Level).

Cambridge Regional College is registered as an Examination Centre with all the major UK Examination Bodies.

## University Foundation Programmes

The University Foundation Programme is a three-term intensive course that prepares students for studying at a wide range of universities in the UK. The total length of study is one academic year.

## What is a University Foundation Programme?

University Foundation Programmes are designed for international students whose school leaving qualifications from their home country will not allow them to progress directly to a British university degree programme. If you have only completed 12 years of school education, it is likely that you will need to complete a University Foundation Programme before you can apply to university.

## Why choose our University Foundation Programme?

Our University Foundation Programme is a high quality international foundation programme that offers international students a fantastic experience to study in a UK college environment. Students will enjoy the following during their study:

- A minimum of 24 study hours per week
- Personal tutorial throughout the programme
- Experienced lecturers and course tutors
- Modern teaching facilities
- Learning Resources Centres (libraries)
- Intensive English studies and IELTS test preparation
- Access to a wide range of college facilities and enrichment activities

## We offer study packages in the following disciplines:

## ESOL Skills for Life Examinations

These examinations are run by the internationally renowned Cambridge Examinations and will provide students with the skills and knowledge of the English language to live and work in the UK successfully. ESOL Skills for Life Examinations are for students who have been resident in the European Economic Area (EEA) for the past three years or have been married to an EU resident for a minimum of one year.

### Pre-Entry

This course is aimed at developing beginner's skills to enable them to communicate at a basic level in day-to-day situations. This is a course in communication skills for students with little or no knowledge of English. All skills will be developed (reading, writing, speaking and listening) and students will improve their vocabulary for use in everyday situations.

### Entry Level 1

This course is designed to give a good basis of the English language. All linguistic skills (reading, writing, speaking and listening) will be developed to a general standard of competence. Students will extend their vocabulary and increase their ability to communicate reasonably well in English in a variety of basic, everyday social and work-based situations.

## Entry Level 2

This course builds on knowledge of basic English structure and is designed to give a good basis in the language. It is for pre-intermediate students who are preparing for the ESOL Entry 2 (equivalent to University of Cambridge Key English Test (KET) Certificate). Students will develop all four skills. The course will help them to understand the main points of simple text, to communicate in the most familiar situations, and to understand short, standard notices and simple, spoken directions.

## Entry Level 3

This course for intermediate students leads to the ESOL Skills for Life Entry 3 Exam (equivalent to the University of Cambridge Preliminary English Test (PET) Certificate or IELTS 4.5).

The course will develop skills in English and enable students to use appropriate communication styles for a variety of situations, detect opinions, attitudes and moods in spoken and written English. Students will also increase their range of vocabulary.

## Level 1

This class is for upper intermediate students who are preparing for ESOL Skills for Life Level 1 (equivalent to the University of Cambridge First Certificate of English (FCE) or IELTS 5.0, 5.5). Students will develop all their skills in English to reach a moderately high degree of competence, and use English for many practical purposes, including business and study. Students will have a wide grasp of vocabulary, be able to construct an argument and use appropriate communication styles.

## Level 2

This is a class for advanced students who are preparing for the ESOL Skills for Life Level 2 (equivalent to the University of Cambridge Certificate in Advanced English (CAE) or IELTS 6.0). Students will need to develop all their skills in English to reach a high degree of competence, using English effectively in social and professional situations and in higher education. Students will be able to deal with complex forms of language and communicate in various situations requiring sophisticated language.

*"I chose Cambridge Regional College for several reasons. Firstly, I could study with a part-time job. Secondly, fees for students from the European Union are very affordable and finally, former students seemed happy with their learning and marks in the Cambridge Examinations. Now I have passed my Cambridge Advanced Exam which was required for the validation of my qualifications, I am able to work as a professional in the UK. In the future, I would like to do a PhD in Music Therapy in English."*

Gema is a Music Therapist and came to the UK to improve her English in order to support her career.

## English for Teachers

This is a course for teachers of English as a foreign language. The course aims at updating teaching skills and the focus is on teaching methodology, course design and classroom management.
