### Sessions Attended

Name of session	Given by	Score out of 10
History of Change in the Disabled Peoples Movement	Dennis Queen	8
Panel Discussion- How do we achieve change and how do we break down the barriers to doing this	Multiple (apologies I cannot find the names)	7

### Feedback

<p>General feedback / comments on the event:</p> <p>It was excellent to meet delegates from other unions to find out how they have campaigned on behalf of disabled students in their institutions and in the wider world. Particularly interesting to me was how delegates were bringing issues from students in their institutions to conference.</p> <p>Personally I found it very encouraging to meet other disabled students and share our experiences. A forum/network could be a great place just to feel less isolated, aside from the institutional benefit.</p> <p>The event was well organised and the provision of rest breaks was very helpful as I was unwell at the time.</p>
Top 3 things that you learned / that you will bring back:
1. The benefits of having an active disabled students forum
2. The range experience amongst of disability from delegates
3. Networking with representatives from local institutions for help/development (UWE, Bath, Bath Spa)

Location of resources (website / shared folder):	<a href="http://www.nusconnect.org.uk/ents/event/884/">http://www.nusconnect.org.uk/ents/event/884/</a>
