## Legacy Giving

Provide future generations with the opportunity to gain knowledge and resources and help ensure they live in balance with our planet by honouring SPEC's work in your will. Past SPEC supporters have made significant contribution to SPEC this way.

#### Legacy Giving -How do I do it?

Simply include a clause in your will that specifies your wishes and include SPEC's legal name and charitable tax number. (Canadian Society Promoting Environmental Conservation Charity Number: 118836311RR0001). You would also need to decide how you like to give. Here are three common examples of wording that you can include in your will:

#### **1. Give a specific dollar amount**

"I give, devise and bequeath to the Canadian Society Promoting Environmental Conservation, charitable number 118836311RR0001, \$ \_\_\_\_\_"

#### **2. Give a percentage of you estate**

"I give, devise and bequeath to the Canadian Society Promoting Environmental Conservation, charitable number 118836311RR0001, \_\_\_\_\_% of my estate".

### **3. Give the residue of your estate**

“All the residue of my estate, including, without limitation, real and personal property, I give, devise and bequeath to the Canadian Society Promoting Environmental Conservation, charitable number 118836311RR0001.”

Don't forget to consult with your legal and financial advisor to consider all relevant issues and income tax requirements.

A gift in your will can make a lasting difference improving the sustainability and livability of the cities and neighborhoods those you care about live in. Consider helping SPEC continue this very important work.
