Luther advises group of banks on IPO of United Power Technology AG

Cologne, 10 June 2011 – As of today, the shares in the Chinese generator manufacturer United Power Technology AG are being traded on the Frankfurt Stock Exchange in the Prime Standard segment of the regulated market. Luther Rechtsanwaltsgesellschaft mbH advised the group of banks which carried out the initial public offering (IPO).

This group of banks comprised the Frankfurt Branch of Kepler Capital Markets S.A., which acted as Global Coordinator, Lead Manager and Bookrunner. Erste Group Bank AG in Vienna, Austria, and biw Bank für Investments und Wertpapiere AG in Willich, Germany, acted as Co-Lead Managers.

Luther's offices cooperated closely in advising the group of banks: the Shanghai office advised inter alia the restructuring and legal due diligence of the United Power Group's operative companies. The Corporate Law and Capital Market Teams from Luther's Cologne office had been providing comprehensive advice to the group of banks since the spring of 2010 in connection with the IPO.

United Power Technology AG's IPO

Within the framework of a public offering, a total of 2,300,000 shares were subscribed at a price of EUR 9.00 each. United Power Technology AG intends to invest the gross proceeds from the IPO, which amount to approx. EUR 20.7 million, in the manufacture of portable power generators so as to be able to meet the growing demand for such products. The generators are manufactured in Fuzhou in South China,

where the company has modern production facilities. The generators are sold in more than 45 countries worldwide and can also be purchased in German DIY stores. The Group plans to use part of the proceeds from the IPO to extend its product portfolio and its worldwide distribution system.

In the past year the operative companies of the United Power Group were able to raise their overall sales from approx. EUR 53 million to over EUR 84 million. High growth rates are also expected in 2011 and 2012.

Luther advises other Chinese companies on their IPO

Luther is currently advising further IPOs of Chinese companies that intend to become listed in the Prime Standard of the Frankfurt Stock Exchange before the end of the year. In August 2010, Luther advised the fashion group Kinghero AG on its IPO. In May 2011, Luther advised the Chinese company in connection with a capital increase.
