

Saugus River Watershed Council

ANNUAL MEETING & DINNER

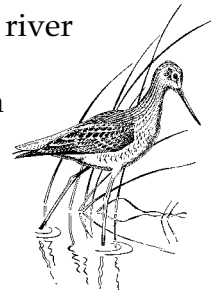

*Thursday, 20 November 2008, 6:30 - 9:00 p.m.
Hilltop Steakhouse, Saugus*

Keynote Presentation: Impact of Groundbreaking Environmental Legislation Passed during 2008

Please join the Saugus River Watershed Council and friends for our annual meeting and dinner at the Hilltop Steakhouse, Route 1 South, Saugus. Guests will enjoy a delicious buffet dinner, listen to an informative keynote presentation, and hear about SRWC accomplishments over the past year.

Keynote Presentation: In a concerted effort to address climate change and protect the state's valuable natural resources, the Deval Patrick administration took the lead in passing several pieces of important legislation during 2008, including the Global Warming Solutions Act, the Massachusetts Oceans Act, the Green Communities Act, the Green Jobs Act, and the Environmental Bond Bill. Dr. David Cash, Assistant Secretary for Policy at the Executive Office of Energy and Environmental Affairs, will highlight the anticipated impact that these new groundbreaking laws will have on the environment.

The annual meeting will also include a brief update about the Council's river restoration and youth environmental education programs, presentation of Annual River Stewardship Awards to several individuals who have made a significant difference in the watershed, and election of officers and board members for the Saugus River Watershed Council.

This event is open to the general public. RSVP early to reserve space.
