

Full-time Training in Anaheim
Elder/Leading Brother's Recommendation – Part One

Applicant Name: _____

Applicant Locality: _____

This form can also be submitted online using a secure [elder/leading brother's account](#). All trainees' applications from the same locality can be reviewed through this account. It is also acceptable to complete the information below and fax or email with the cover sheet included. *Please do not submit handwritten responses.*

Instructions: In the space provided below please summarize the applicant's vision and participation in the service and burden of the church in your locality. This should include the applicant's positive contribution to the church life and service, as well as any problems encountered in his or her living situation or receiving of fellowship. Because many past trainees began the training with very little knowledge of its rules and constraints, there is a need for thorough fellowship and a detailed written recommendation. This information is particularly helpful in considering how best to care for each applicant while in the training.

Important: An elder/leading brother's recommendation will no longer be considered complete unless it is signed by at least two brothers. **Please note the brothers' names and contact information at the last section of Part Two to indicate that both brothers agree with the recommendation.** A second recommendation can also be submitted, if desired.
