

## 2015/16 Marquette Mustang Hockey

### NFL Football Survivor Pool

#### Entry Fee is \$20 for each entry

All Marquette players have the option to sell entries (\$20) for the 2015/16 NFL Football Survivor Pool to lower their fees. For each entry sold, \$15 goes to the player and \$5 goes to Marquette Hockey for the winning payout.

Player A sells 20 entries which equates to \$400, so \$300 toward players' fee, \$100 goes to Marquette Hockey for the winning payout and administration costs. Any money left after the payout and admin costs will go to Marquette Hockey Club. After a player's eligible fees are paid in full, all remaining entry sales secured by that player are credited to the club.

#### Winning pool payout:

- 1<sup>st</sup> – \$600 or 60% of pot
- 2<sup>nd</sup> – \$300 or 30% of pot
- 3<sup>rd</sup> – \$100 or 10% of pot

#### How it Works:

Each week you pick one NFL team to win a game.

Entry members login to the website directly to make their picks.

Can only pick a team once throughout the season. No point spread involved, just an outright winner.

Picks must be completed online, <http://www.runyourpool.com/nfl-survivor-pools.cfm> by site day.

If pick is correct, they survive until the next week.

An incorrect pick eliminates the entry member from the pool for the remainder of the season.

The goal is to be the last member standing at the end of the season, in our case the top three will get a payout.

#### Next Step:

Send cash or a check payable to Marquette Hockey Club along with your entry form to:

**Marquette Hockey Club**

**P.O. Box 1558**

**Ballwin, MO 63022**

**All entry forms and money must be in by September 1 2015**

Logon information will be emailed to all member entries.

---

Player with the most entries sold will receive \$100
