TEACHING SESSION PLANNER

SKIER ANALYSIS

NOTES

EXAMPLE TIMETABLE

subject to change depending on location and conditions

09.00	Meet & greet, introduction of group and set format of the day inviting the group to share personal goals and recent teaching experience.
09.30	Group warm up ski/ride.
09.45	Session 1 delivered by Trainer showing TIED model in action with other teaching tools as required.
10.30	Time-out – Trainer leads review of the session using questioning to enhance understanding of TIED and other teaching tools.
10.45	Session 2 delivered by Trainer, with observers. Both the observers and learners will be given specific areas to be aware of and focus on in terms of TIED, Teaching Styles and Learner Phases.
11.30	Time-out – Trainer leads review with the observers and learners feeding back on their observations and understanding of the specific areas they were asked to focus on.
11.45	Performance analysis session using video. The goal of this session will be to highlight the gap between the desired outcome and achieved outcome. The session will also enhance understanding of learning phases.
12.45	Lunch Break
13.30	Session 3 – Student led session with everyone engaged in the process including the Trainer led review.
14.15	Session 4 – Student led session with everyone engaged in the process including the Student led review.
15.00	Any further presentations/information and a round up of the day.

POST COURSE

Your Trainer will complete a short action plan online and this will be available to access in your member's area within 2 working days. Should you have an ambition to move further through the BASI system or have any other specific goals in snowsports

teaching, please ensure your trainer knows this so that they can recommend a realistic time frame and any further training needs.

POST COURSE GENERIC HOME STUDY

All level 3 ISIA & 4 ISTD members must complete the online Snowsport Industry Workshop once during their CPD term (every 3 years). This final part of the CPD process is compulsory and must be completed before the CPD points are registered

against your licence. This online section covers the generic content of the ISIA CPD requirement and is both informative and interactive. The content of this home study will be update each CPD term. **(For courses after 1st December 2014)**

PLEASE DOWNLOAD THIS DOCUMENT ONTO A DEVICE OR PRINT OFF AND BRING WITH YOU TO THE CPD DAY.
NO PRINTED RESOURCES WILL BE PROVIDED ON THE DAY FOR YOU.

Instructor: Location: Date:

Lesson Aim: Introduction:

Activity/ Task	Information	Evaluation	Development	Time
Task 1				
Task 2				
Task 3				
Round Up				

TASK

What is the task?

INFORMATION

Where is the information from, video, Trainer, you, student?

EVALUATION

What is the gap between expected /desired outcomes and the achieved outcomes?

Why?

DEVELOPMENT

How will you make those changes?
