Explanation of Case Pack:

The pack number indicates how many pieces you would encounter as you unpacked a case. For example, a case of firecrackers packed 12-80-16 means the case has 12 bricks; each brick has 80 packs; each pack has 16 firecrackers.

Explanation of 'A' price, 'B' price and 'C' price:

If your fireworks total is **less than \$800**, your case price is the 'A' price.

If your fireworks total is **over \$800** (not including shipping), but less than 50 cases, your case price is the 'B' price.

If your total fireworks order is **50 cases of fireworks or more**, your case price is the 'C' price.

IMPORTANT: The above totals only include fireworks and pyrotechnic supplies sold by the case. Any items sold as individuals (such as HDPE mortar tubes, sticky match, and non-pyrotechnic merchandising— flags, signs, banners, glasses, etc.) **do not count** toward the 50 case total.
