Have you consulted with the International Dean or representative of the College? Yes No

1. If this is a newly developed course, please write a course description of 1 or 2 paragraphs which summarizes what you think would be most appropriate for including in the U of N catalogue (please print/block).

2. College/Faculty your course most closely relates to (please consult the list in the U of N Catalogue):

_____ Prerequisite _____

An existing course listed in the U of N catalogue, but not registered at my location.

An existing course which has been registered at my location with U of N but with major changes (over 25% in curriculum), since that registration.

An update of an existing course which has been registered at my location with U of N, but needs to be re-registered for the upcoming U of N catalogue (every three years). You will be advised when it is time to re-register.

If the course you are registering now exists presently in the catalogue with both a lecture and field assignment but you are not including a field assignment on this Form A, please explain why.

LECTURE (FIRST) PHASE REGISTRATION

Please answer each item prayerfully, asking God to clarify His purposes for your course. We realize that the actual Lecture Phase or First Phase may vary to some degree from the original projection; however, this information is vital for achieving the course objectives. You will be able to record actual Lecture Phase activities on Form C1, after the course is completed.

A. Rationale or Purpose Statement - Please share your reasons for running this course and explain how it contributes to the overall goals and objectives of YWAM in the areas of evangelizing and discipling nations.

B. Context of Course - Looking at the context in which the course is set, please answer the following: How does this course relate to the country in which the course is taking place? How does it fit the local or ultimate ministry setting? (The aim is to set the course into an appropriate geographical and socio-cultural framework.)

C. Course objectives - Please describe what the course aims to provide for the student and what the student can gain from the course. Include statements about the course ministry-related goals, things the student will be able to do at the end of the course, as well as making reference to the general goals of the course. (Clearly formulated objectives are a great help in effective course planning. It is well worth spending quality time thinking them through and expressing them clearly. Both course content and methods of presenting the material are derived from the objectives. They are the means to achieve the objectives.)

Whereas the actual Field Assignment/Internship Phase may vary to some degree from the original projection, this information is vital for achieving the course objectives. You will be able to record actual Field Assignment/Internship activities on Form C2, after the course is completed.

A. **List the Objectives:** Objectives are the desired outcomes for the lives of the students and those among whom you seek to minister. Some typical examples of objectives are:

- Increase understanding of cross cultural ministry issues.
- Increase students' confidence and ability in sharing their faith.
- Teach students how to research an unreached people group.

B. **Please list strategies for meeting Field Assignment/Internship objectives:** Strategies are how you plan to accomplish your objectives, or the methods that will be used to meet the objectives of the Field Assignment/Internship Phase. Strategies should always be linked to specific objectives. There may be several strategies involved in accomplishing a single objective in some cases. Some typical examples of strategies are:

- Take students out to observe and identify examples of at least five cultural differences between target group and their native culture as it relates to sharing the Gospel.
- Create opportunities for students to actively research an unreached people group.
- Include and involve students in strategy development times. Include instruction and explanation of what is involved in waiting on God, and walking through the process with them for the actual Field Assignment/Internship planning.
- Arrange a variety of opportunities for involvement and coaching in different giftings.

C. **Resource Materials used:** (such as books, handouts, films, videos, magazine articles, newspapers, etc.)

Course/Seminar Registration Charges
(continued)**

Form A
Page 11
(02/08)

Please note: In 1995, the Board of Regents decided that the local base leadership together with the school leadership decides if they want to register their course(s) with the University of the Nations. They then register the course by filling out the Form A and sending in the appropriate course registration fee. If they have decided to register the course with the U of N, then all students who are a part of the U of N registered school will be charged a student registration fee, and the record of their attendance and grades will be maintained by the International Records System. This student registration fee should accompany Form B.

1. For the purpose of calculating the Course Registration Charges, the "amount charged to one student" includes tuition, room and board of the course.
2. A single Course Registration Charge is paid with each FORM A.
3. Seminar: (1-6 credit seminars). Seminars pay the standard charges.
4. Consecutive courses making up a school can pay one course registration charge, such as SBS, SECE and integrated MMBC. For example, CCM 311-312-313.

Course similar seminars cannot be combined with the same course registration charge: for example, CCM 311-313 is SBS, but the two SBS Seminars CCM 514 and CCM 515 cannot pay Form A registration with the CCM 311-313 registrations. They are separate and need to be put on another form.

5. Please send your Course Registration Charges attached to FORM A, to your International Registrar. Please write check to "University of the Nations."
6. When your course has been registered you will receive a Certificate of your course's affiliation with the U of N, valid for the current U of N Catalogue period.
7. Re-Registration is more costly because the first registration is a discounted version of the normal charge to give benefit to the expense of starting up new schools.

Thank you! for completing this Form A.
