Re: **Media Outreach on Pet Therapy Programs**

Many Illinois nursing homes use pet therapy as a means of bringing smiles to the residents' faces and enhancing their feelings of well being. If your facility utilizes pet therapy, we would like to promote this program to your local media outlets. In addition, we plan to write a newsletter article about some of Illinois' most noteworthy programs.

Please describe your facility's pet therapy program in the space below and fax this form back to 877-719-7297 by Friday, July 31. If you have any questions, please call Kevin or Mark at 217-527-3615. Thank you.

If you have digital photos of your pet therapy program, please e-mail them to kkavanaugh@hccil.org. Make sure these photos are high resolution (at least 300 dpi).

###

Your Name and Title: _____

Facility Name and Phone: _____

Please describe your pet therapy program in the space below, adding sheets if needed:

Please fax this information to 877-719-7297 by Friday, July 31. Thank you.
