

MEDICAL DISCLAIMER

FOR MEDSCAN, ASTROMED, MEDICAL FORECAST, and COSMO BIOLOGY HEALTH REPORTS

The AstroMed Natal Reports by Dr. Randall Roffe, and the MedScan Natal Reports and the Medical Forecast Reports by Eileen Nauman, and Midpoint Health Reports by Agnes Nightingale provide an astrological analysis that includes information on health issues of the individual. This analysis can be considered a medical diagnosis of the individual. Medical diagnosis can be legally practiced only by properly licensed physicians. Therefore you should not show the AstroMed, MedScan, Medical Forecast and Midpoint Health Reports, printouts to anyone at any time! They are strictly for your own interest. Also, you should not use these printouts to provide definitive or reliable information on your own health or anyone else's health. The astrological theories used in the AstroMed, MedScan, Medical Forecast and Midpoint Health Reports have not proven scientifically! The information provided in these reports is based only on theory and hypothesis. Consult a physician or trained health-care professional for any health concerns that you have! These reports are provided for the purpose of research and study only, and can not provide reliable and consistently accurate information! Most importantly, you should not allow others to read the printouts because **YOU COULD BE SUED FOR ILLEGALLY PRACTICING MEDICINE IF YOU ALLOW ANYONE TO READ THESE REPORTS!** Do not make any exceptions, even for friends. It is illegal and unethical to allow anyone besides yourself to read these reports.

I, _____, understand that it is illegal to provide AstroMed, MedScan, Medical Forecast Reports, and Midpoint Health Reports to individuals. I agree not to violate this law. In the event that a violation of the law should occur, I assume full responsibility for this violation, and Cosmic Patterns is NOT liable for any illegal actions I take or any damage that occurs from use of the AstroMed, MedScan, Medical Forecast and Midpoint Health Reports. I understand that the analysis provided by the AstroMed, MedScan, Medical Forecast and Midpoint Health Reports are based on the most current theories of astrology, but that these theories have not been verified by the scientific community and therefore should be considered hypothetical. I understand that a licensed physician should be consulted for medical problems and questions, and that the AstroMed, MedScan, Medical Forecast and Midpoint Health Reports should be used to INVESTIGATE medical astrological theory and NOT used to provide definitive medical diagnosis.

I have read the above statements very carefully and I fully understand this statement and I intend to fully comply with the statements. I understand that medical diagnosis by anyone who is not a licensed physician is illegal in every country of the world and it is unethical. I understand that the AstroMed, MedScan, Medical Forecast and Cosmo Biology Health Reports are based on hypothesis, are not proven, and cannot provide reliable, accurate information and I will use these reports solely for my own research and study of astrological theory.
