What Is the Purpose of This Form?

The laws governing naturalization of immigrants require that applicants for naturalization demonstrate:

- Knowledge of the English language (including an ability to read, write and speak words in ordinary usage in the English language); and
- Knowledge and understanding of the fundamentals of the history, and of the principles and form of government, of the United States.

To implement this law, U.S. Citizenship and Immigration Services (USCIS) requires applicants to demonstrate an ability to read, write and speak basic English and to answer basic questions about the history and government of the United States (civics).

The person asking you to complete this form is seeking a waiver of the English and/or civics requirements based on a physical or developmental disability or mental impairment. The applicant will submit this certification form to USCIS, which will determine if the applicant is eligible for a waiver.

Who Is Authorized to Complete This Form?

The applicant, or applicant's authorized representative, must complete and sign **Part I** of this form.

A licensed medical doctor, doctor of osteopathy or licensed clinical psychologist (hereinafter referred to as "medical professional") must complete **Part II** of this form. An employee under the direct supervision of a medical professional may fill in the form based on information directly provided by the treating medical professional. However, the medical professional must sign the form.

What Is Required for a Waiver?

The medical professional completing this form must provide an accurate assessment of the applicant's disability and/or impairment(s) so that USCIS can determine whether to grant the waiver. The medical professional must provide:

- A clinical diagnosis and description of the applicant's disability and/or impairment(s) and any applicable DSM-IV codes for each mental impairment (**Part II. 2**);
- An explanation of the connection between the impairment(s) and the applicant's inability to learn and/or demonstrate knowledge of English and/or civics (**Part II. 3**); and
- A professional certified opinion whether the applicant is unable to learn and/or demonstrate knowledge of English and/or civics (**Part II. 4 and 5**).

If the medical professional does not provide all the required information, USCIS cannot grant the waiver unless the applicant submits a revised or second Form N-468 with the appropriate information.

What Experience Must a Medical Professional Have?

USCIS requires that the medical professional completing the form have general experience in the area of the applicant's disability, and be qualified to diagnose the applicant's disability and/or impairment(s).

A doctor who is a general practitioner and not a specialist may complete the form if his or her experience or other qualifications permit him or her to make a disability and/or impairment(s) assessment.

What If Additional Space Is Needed to Furnish the Required Information?

The medical professional must use the available space on the form to type or print the required information clearly in black ink. If extra space is needed to answer any item, the medical professional may attach additional sheet(s) of paper. On each additional sheet include the name and Alien Registration Number (A#) of the applicant, the **Part II** item number to which the attachment refers, and the complete name of the medical professional.

The medical professional may also submit additional medical reports. On each report include the name and A# of the applicant and the complete name of the medical professional. However, a supplemental report is not acceptable as a substitute for any of the responses required in **Part II** of this form.

What Are Acceptable Responses to Part II. 2(a) and 3 of the Form?

Part II. 2 (a) requires the medical professional to provide a clinical diagnosis and description of the applicant's disability and/or impairments(s).

Part II. 3 requires the medical professional to provide detailed information on the connection between the disability and/or impairment(s) and the applicant's inability to learn and/or demonstrate knowledge of English and/or U.S. history and civics. Examples of insufficient and sufficient responses include:

- **Example 1:**

Insufficient Response:

Part II. 2(a)- The patient is a 75-year-old female who has hypertension and heart disease. She has suffered at least two heart attacks, one in 1996 and the other in 1997. Last year she had a cerebral vascular accident (i.e. stroke) with paralysis on the left side.

Part II. 3- She is unable to learn English and basic U.S. history and civics. (*NOTE: The medical practitioner failed to articulate how any of the conditions listed affect, for example, the patient's memory, ability to learn new tasks, ability to concentrate or ability to perform basic mental activities. The medical practitioner therefore failed to show that the applicant's condition has so impaired her functioning that she is unable to learn or demonstrate knowledge of English and/or U.S. history or civics.*)

Sufficient Response:

Part II. 2(a)- The patient is a 75-year-old female who has hypertension and heart disease. She has suffered at least two heart attacks, one in 1996 and another in 1997. Last year she had a cerebral vascular accident (i.e., stroke) with paralysis on the left side. The patient's stroke has left her with severe and irreversible neurological damage.

Part II. 3- Because of the widespread damage to the brain tissue, the patient has suffered markedly decreased cerebral function and is incapable of remembering, articulating or learning. *(NOTE: The medical professional identified the diagnosis and explained the effect the condition has on the applicant's ability to learn.)*

- **Example 2:**

Insufficient Response:

Part II. 2(a)- The patient suffers from Down's Syndrome.

Part II. 3- He should be exempted from the English language and U.S. civics requirements. *(NOTE: The certifying medical professional failed to explain how the condition affects the applicant's ability to learn, and to give an ultimate opinion on whether the condition diagnosed prevents the applicant from learning or demonstrating knowledge of English and/or civics.)*

Sufficient Response:

Part II. 2(a)- The patient suffers from Down's Syndrome, which is a global impairment that affects the patient's cognition, language and motor skills.

Part II. 3- Because of the patient's global impairment, he cannot learn new skills and is not capable of reasoning. His memory is deficient and he is only capable of performing simple daily activities. *(NOTE: The medical professional described the mental impairment and explained how the condition affects the applicant's ability to learn.)*

What If the Applicant Needs Help to Take the English or Civics Test?

In accordance with the Rehabilitation Act of 1973, USCIS makes reasonable modifications and/or accommodations to allow individuals with disabilities and/or impairment(s) to participate in the English and civics testing required for naturalization. Reasonable modifications and/or accommodations may include but are not limited to: sign language interpreters, extended time for testing or off-site testing.

If reasonable modifications and/or accommodations will enable an applicant to demonstrate knowledge of basic English and civics, he or she is not eligible for a waiver or those requirements, and this medical certification form should not be submitted. (An applicant who needs a reasonable accommodation to take the tests should contact his or her local USCIS District Office in advance of the scheduled interview.)

Often this is difficult because some immigration laws are very complex. Accordingly, the reporting burden for this collection of information is computed as follows: 1) learning about the form, 30 minutes; 2) completing the form, 60 minutes; and 3) assembling and filing the application, 30 minutes, and an estimated average of 120 minutes per response.

If you have any comments regarding the accuracy of this estimate or suggestions for making this form simpler, write to U.S. Citizenship and Immigration Services, Regulatory Management Division, 111 Massachusetts Avenue, N.W., Washington, DC 20529, OMB No. 1615-0060. **Do not mail your completed application to this address.**
