

Dear Seamster/Seamstress,

The mission of My New Red Shoes is to help homeless and low-income children look and feel confident as they start the school year by providing them with new clothing and shoes and by rallying youth and adults around this effort through volunteer and educational opportunities for individuals, families, schools, corporations, and community groups.

Because of your help these children will receive their gifts in colorful cotton bags. The time, love and effort you put into these bags will surely make the children feel special. Thank you!
