#### **Officiating Pool Pathway**

## What is a Competency?

A competency can be defined as the application of skills and knowledge to an agreed standard.

Competency relates to what a person can do.

Competency standards specify the level of knowledge and skills required, and the application of that knowledge and skills for effective performance.

Australian Sports Commission Assessor Training Manual 2006

#### What is Competency Based Assessment?

Assessment is the process of collecting evidence and making judgements about whether competency has been achieved. Assessment needs to be based on established criteria. These criteria are reflected in the questions and activities set out in this Learner Guide.

#### How do I use this Learner Guide?

This Learner Guide provides you with the information and activities that will enable you to achieve competencies related to this unit of work.

You can develop competency in this unit through a combination of tasks including:

- Reading the material in this Learner Guide.
- Asking questions about anything you don't understand.
- Observing other officials during events.
- Reinforcing the skills you are learning in practical situations.
- Satisfactorily completing the activities in this Learner Guide.
- Completing the assessment activities outlined in this Learner Guide.

#### What resources do I require?

The main resource you will require to complete the learning for this unit of work is this Learner Guide. You will also need a copy of the current and **access to swimming events** where you can be practically assessed as an Announcer.

# What if I already have the skills?

You may have already attained the skills required to complete this learning module. If so, you can request your State/Territory Swimming Association for an initial assessment of your current competence. This assessment will determine the level of your skills and whether you need additional training.

If you would like to undertake assessment for formal recognition of your existing skills, you will be required to complete a detailed Recognition of Prior Learning (RPL) application form that will allow an assessor to review your skills against the specific requirements for this unit of work. Discuss this process with your State/Territory Swimming Association

# **Legislative Requirements**

All Swimming Officials whether paid or unpaid must meet the legislative requirements of each state and territory when dealing with children and vulnerable people. Please check with your State/Territory Swimming Association to complete any documentation required to meet this legislation.

#### What about Assessment?

To undertake assessment for this unit of work, you will need to complete the following assessment tasks:

- Completion of this Learner Guide
- Completion of practical tasks

You will be assessed at a swim meet to ensure the relevance of the assessment process.

When you complete the assessment within this Learner Guide and are assessed as competent by your assessor, you will be eligible to receive accreditation from SAL. The assessment activities are found in the final section within the Learner Guide and can be identified by the icon below.

#### **Assessment**

The Learner Guide also includes a series of specifically designed learning activities, which will allow you to practice your new skills prior to assessment. These activities must be completed and will be represented by the logo below.

#### **How Do I Start?**

You can undertake the activities in the Learner Guide at your own pace, or under the supervision of your trainer / mentor.

You are ready to start.
