

TNRM 2015 CALENDAR COMPETITION

Entry form

Territory Natural Resource Management (TNRM) is compiling the best NRM activity images from across the NT for our 2015 calendar. Calendar competitions in previous years have received an overwhelming response with dozens of images of on-ground work and stories covering topics such as fire management, threatened species conservation, urban landcare, weed control, pastoral work and much more.

Criteria

We are looking for images that showcase natural resource management activities across the NT. Images must include a short story about what kind of work is happening and why (no more than 200 words).

Category theme

Entries should involve one or more of the following themes:

Land Management

From weed control to soil care, fire management to tree planting, we'd love to see those snaps of the work you're doing out on the land.

Coastal Management

Want to showcase some of the tireless work your group is doing to care for our seas – such as cleaning up marine debris or protecting our marine species?

Primary Industry

The NT boasts a range of primary industries, from cropping to horticulture, pastoralism to fisheries, show off those snaps of your industry at work

Working together

The NT is a big place with a small population and working together is an important part of getting things done. Show us how you're working with others on NRM activities – including research sharing, indigenous knowledge, training or any other on ground activity.

Nature of the NT

The NT is a photographer's paradise – send in your stunning iconic shots of your favourite Territory landscape, plant or animal.

Wildcard

Do you have another NRM activity that doesn't quite fit into these categories? Submit that free-ranging entry here; examples could include capacity building programs, species recovery projects or urban initiatives.

Photos

Please note: High resolution images are preferred, images taken from mobile phones may not meet the print quality criteria. You must provide a story about the image, including where it was taken, and have the permission of people in the image for the purpose of this competition.

Please send images to: info@territorynrm.org.au

Closing date

30th September 2014
