

F14 CONTRACTORS AGREEMENT FORM

These requirements are to ensure GCCEC meets its responsibilities under the Work Health and Safety Legislation.

General and Legal

1. All Contractors must undertake the online "Contractor Induction". Refer contractor's induction link <http://contractors.gccec.com.au>. The GCCEC also requires that the Contractor induct all those entering the Centre with the purpose of performing any work on their behalf.
2. The Contractor is required to forward to the GCCEC the names of each and every person entering the Centre to work under the Contractors supervision. These names must be forwarded to the Centre one business day in advance of their arrival. Information can be faxed to **07 5504 4085** or emailed to the Property Operations Co-ordinator, Sodi Molina, smolina@gccec.com.au. Failure to supply names will result in entry to the Centre being refused.
3. The Contractor shall ensure that no interruption occurs to GCCEC operations without first obtaining the written permission of the GCCEC or its agents.
4. The Contractor shall ensure that they are fully insured and have adequate Workers Compensation and Public Liability Insurance and have provided details of these insurance policies.
5. The Contractor is responsible for the removal of all waste and debris and ensuring correct disposal, according to environmental protection regulations.
6. The Contractor shall not alter, connect or disconnect any building services, including electrical, fire protection, ventilation, plumbing and sewerage services, without written permission of the GCCEC and the appropriate license to conduct the work.
7. Contractors are to be reasonably dressed and have appropriate footwear at all times while on-site and should not engage in loud, coarse or abusive language while in the vicinity of employees or visitors.
8. The Contractor is liable for any damage caused to GCCEC property or equipment. This will include any costs incurred in cleaning or replacing damaged carpet and/or carpet tiles owned by GCCEC.
9. The contractor complies with all terms and conditions as described in the Contractors Policy.
10. The Contractor shall comply with all relevant Federal and State laws and GCCEC rules.
11. The Contractor shall apply for and pay any fees for all permits required.

Health and Safety

1. All Contractors are required to report to the designated area on each and every visit on- site and must wear visitor or contractor identification, where required.
2. All Contractors must arrive for work in a fit state to perform all duties safely.
3. All Contractors, employees and sub-contractors must not engage in willful or reckless behavior or work practices that may damage any equipment or endanger the health and safety of themselves or any other people on-site.
4. The Contractor shall engage only qualified staff in any prescribed occupation.
5. Wherever practical, the Contractor shall safely and securely fence the works area and limit access to that area to relevant GCCEC staff. Signage and barricades must be used as appropriate.
6. Contractor's staff entering any operations area shall obey all GCCEC safety rules in that area and any direction given by the GCCEC, whether written, verbal or by signage.
7. Smoking is only permitted in designated areas. South west Cnr of the loading dock.
8. Contractors must keep all work areas tidy, keep passageways clear of tools, equipment and extension leads, etc. At the completion of a job and at the end of each visit, the work site is to be tidied and secured.
9. All accidents and incidents are to be reported to the Supervisor/Manager of the worksite. The Contractors supervisor must supply to the GCCEC representative, a written investigation of the incident including; the injured person's name, activity being undertaken and preventative measures to prevent recurrence.
10. The Contractor shall provide and ensure all employees use personal protective equipment and clothing where required, to ensure a safe and healthy workplace.
11. All hazardous substances brought on-site by the contractor must be notified to the GCCEC. The Contractor is responsible for the safe and correct storage, use, delivery, handling and disposal of all substances.
12. In the event of an emergency, the Fire and Emergency Evacuation Plan is to be followed. It is the responsibility of the Contractor to ensure that all sub-contractors and employees are inducted on this procedure before commencement of work.

F14 CONTRACTORS AGREEMENT FORM

These requirements are to ensure GCCEC meets its responsibilities under the Work Health and Safety Legislation.

Equipment, Machinery and Vehicles

1. Contractors will ensure that all vehicles and construction plant are operated by licensed operators and that they have a current certificate of registration, Compulsory Third Party insurance, Comprehensive and/or Property Damage insurance and any other certificates of compliance as required in their State.
2. Contractors will ensure that all vehicles and construction plant to be driven on GCCEC carpet and/or carpet tiles are fitted with non-marking tyres.
3. Contractors and suppliers must use safe and tested and tagged equipment. Equipment requiring safety tags must display current tags.
4. Where equipment is isolated for servicing, repairs or testing, the Contractor shall lock out, render safe and tag such equipment and shall not restart such equipment until it is safe to do so without endangering any person.
5. Contractors must ensure that all mechanical equipment used on-site must be fitted correctly with a guard, as required. No equipment is to be operated with guards removed.
6. All tools and equipment bought on-site by the Contractor must meet current Australian Standards (if applicable) and be maintained to the manufacturer's specifications.
7. Vehicles are to be operated safely and within speed limits when on-site. Engines and plant should not be left unattended and must be safely secured when not in use. Excessive noise and fumes are not acceptable.
8. All contractors working at heights from a boom must use a suitable and safe fall protection system to prevent falling. A risk assessment must be supplied by the contractor and the risk controls agreed on by the company prior to work commencing. All equipment for working at heights supplied by the Contractor must be maintained and comply with the relevant design standards and the Company procedure. Erection of scaffolding must be performed by licensed persons only.
9. Contractors should also be aware that The GCCEC has the capacity to hire its Snorkel, Scissor Lift and Fork Hoist to approved contractors for use at the Centre. Please contact the property operations coordinator at GCCEC on **07 5504 4203** to make a booking.
10. The item of equipment must be booked at least three clear business days ahead of the date required. Earlier notice will ensure the equipment is available for your needs. Failure to do so may result in refusal of equipment.
11. If any of the GCCEC hired equipment suffers breakdown, it will be the responsibility of the client to organise replacement equipment, which must adhere to GCCEC requirements.
12. The operator must produce an appropriate license to operate the equipment concerned and will be responsible for the control of the equipment and the Key which must be signed in and out from security. Any damage must be reported to Security, failure to do so may result in refusing to hire, or void of contract with contractors. Damage may be charged to the contractor.
