CUMBRIA IS OPEN FOR BUSINESS

Despite the well-publicised destruction caused by the floods in Cumbria we have been able to put together, what we feel will be, the best Northern Trial so far. The Forestry Commission have finished harvesting in Wythop Woods and moved on to Hobcarton, consequently several sections we haven't been able to use for some time are accessible again. We have planned for fifteen sections plus two Observed Tests, we have also been able to re-instate the blast around the field OT at the very end of the trial.

The 2016 Northern Classic Trial has a compact route of 62 road and 20 forestry miles around the Northern Lake District visiting many of the sections from previous years including the infamous Sandale, Darling How and, once again, Big Cockup. We will use variable tyre pressures, diversions and a few restarts to make the trial more enjoyable for all competitors. The start venue is at the Hope's Auction Mart in Wigton, they are geared up for farmers and we fit in well. Very good hot food and drinks will be available before the start and after the finish.

In the National B event we have the eight standard car classes for those drivers wishing to enter the ACTC Championship.

The Clubmans event, which doesn't require a MSA Competition Licence, is open to members of FSAC and members of invited clubs: - MCC, VSCC, Wigton MC, Preston & District VCC, Durham AC, Middle England CVC, Ilkley DMC, Airedale & Pennine MCC and other ACTC Affiliated Clubs. Except for class 0 the Clubmans event will follow the same route and sections as the National B.

This year's event is Round 3 of the ACTC Championship for cars and is a great opportunity to score some points in very spectacular scenery

Please note that since 2008 car passengers in National B classes have been required to be a member of one of the invited clubs. If your passenger is not currently a member of one of the invited clubs, they can become a passenger member of ACTC, for life, for a fee of £1.00.

Should you be unable to enter this year perhaps you would be willing to marshal. We can promise you an enjoyable day in the country, interesting cars and bikes, good company and great atmosphere. Contact Myke Pocock at fsacnct@yahoo.co.uk or phone 01228 530555.

Up to date details of the trial can be found on our website www.fellsideac.co.uk.

Whatever you drive, we are looking forward to seeing you on the

2016 Northern Classic Trial

The National B event is a round of the ACTC Car Championship

8. COURSE & SECTIONS

- 8.1 The route will cover approximately 62 miles on public roads plus about 20 miles on forestry and private tracks.
- 8.2 At least 12 observed sections will be run, and 2 observed tests. Competitors in Class 0A, 0B & 0C will attempt at least 10 sections, plus 2 observed tests.
- 8.3 Observed tests will count as sections and as a tie decider:-
- 8.3.1 In sections that are observed tests, a penalty of 6 points will be given for hitting a marker or for stopping except astride a line, as detailed in the route book, and a time equal to the slowest time in the class + 10 seconds will be given.
- 8.3.2 Observed Test times will be used only to decide ties.
- 8.3.3 The times of the observed tests will be aggregated.
- 8.3.4 Observed tests will be timed by hand-held stop watches to 0.1 seconds.
- 8.4 The route card will be issued at the start and the use of maps is unnecessary. The official route must be followed throughout the event. The onus for finding the correct route rests with the competitor, and any competitor failing to do so will be liable to exclusion. The route is entirely covered by OS Landranger maps 85 and 89.
- 8.5 Route checks may operate during the event.
- 8.6 Most sections will be sub-divided (12-1). Unless specified in the route book, sections may not be inspected (see 9.6). Walking beyond the Section Begins board of any section is prohibited. Failure on any section which is not subdivided will carry 6 marks.

- 8.7 Except for observed tests, there is no penalty for striking markers, but the 4 wheels out rule applies (you must not leave & re-join the section).
- 8.8 Some sections will include restarts for some classes. These will be identified at the start or in the route book. Except where stated, restarts will be of the box type, marked by 4 'R' boards. On drop of flag, without rolling back, restart within 10 seconds.
- 8.9 Minimum tyre pressures will be imposed for selected classes at some sections, dependent on weather conditions. These will be advised in the route book or in writing at the start.

9. IDENTIFICATION, PENALTIES & MARKING

- 9.1 Competition numbers will be supplied by the organisers and must be fixed in a prominent position at the front and the rear of the vehicle.
- 9.2 These numbers must be legible throughout the event and must be removed at the finish, or on retirement from the event.
- 9.3 Marking and penalties will be in accordance with MSA regulations T6 & T7, see also item 6.4 of these SRs
- 9.4 In the event of a tie, the lower or lowest aggregate time of the special tests will decide the winner. If a tie still exists, the time in Test 1 will decide, and if still tying the vehicle with the smaller engine size will win.
- 9.5 A 12 mark penalty will be awarded to any competitor who does not observe the country code.
- 9.6 A 12 mark penalty will be made for any member of the crew walking past the Section Begins board of any section.
- 9.7 A 6 mark penalty may be made to any competitor who finishes significantly later than others relative to their competition number
- 9.8 **A 12 mark penalty will be made for any infringement of MSA regulation T4.1.11.** "Bouncing" will be permitted only within the confines of the seating compartment, and then only so long as no portion of either the Driver's or Passenger's body, other than arms and hand, is placed outside the sides of the car or behind the seat they are occupying."
