

North Carolina Quilt Symposium 2014 POSTCARD PARTY

Each year we try to do something at Symposium to give back to the communities that are supporting our event. For this year's Symposium, we are inviting you to make fabric postcards that will be sold to benefit the Assistance League of Greater Wilmington, a non-profit organization dedicated to helping people in need in the tri-county area, (www.assistanceleaguegreaterwilmington.org).

Would you be willing to make and donate a one-of-a-kind fabric postcard? We would love to have at least 200 fabric postcards available to sell, submit several. Our theme for the postcards is "The Sands of Time" since we are here at the beach. But we certainly would welcome and appreciate any donation. The postcards can be abstracts, landscapes, floral pieces, etc. We will be doing a Viewer's Choice award, so be creative and embellish to your heart's content!

If you are interested in making a fabric postcard (two, three, or more), here are the requirements:

- Each fabric postcard must be 4" X 6" and can have either a horizontal or vertical orientation.
- They should be stitched (hand or machine) and consist of a front, batting (or stiff interfacing), and a back.
- The postcards will not be going through the mail; it is OK if they are in excess of 1/8" in thickness.
- On the back of the fabric postcard, please sign your name, title of your postcard, and date.

You can mail in as many fabric postcards as you would like. Please place them in a padded envelope. This way they will stay in pristine condition to be displayed at the show.

Postcards must be received by Wednesday, May 1, 2014.

Please complete the bottom section and mail with your entries to:

Symposium Postcard Party
