TORAH ON TOUR

Solidarity with Israel

Today as we prepare for Shabbat, our thoughts and prayers are with our brothers and sisters in Israel who are bravely confronting the enemy, and standing up for the right of a people to live in security in its homeland. The dangers of a Palestinian unity government with Hamas have now been made abundantly clear to a world too often silent in the face of the targeting of the innocent. Israel is bold, courageous, and definitive in affirming this principle.

Israel has called for our help – no matter where we find ourselves – to speak out in support of its right to self-defense. And in Toronto, a number of initiatives are underway to summon our communal resources. CJPAC is asking for help in thanking members of our government for the steadfast support. UJA has set up an Emergency Relief Fund. The projects are too numerous to list here – we have truly been a united community in the face of the lies, distortions, and double-speaks thrown at the media by the other side.

As a community, we pray for the welfare of Israel, and particularly for those family and friends of ours who are in harm's way. May God protect the land and its citizens and bless it with peace.
