SIDESHOW ENTERTAINMENT/AMAZING CHRISTOPHER

Need to liven up your next event? The Amazing Christopher can make it an affair to remember. Christopher amuses children with his kids comedy magic and confuses adults with close-up magic, and people of all ages love his incredible balloon art. Christopher can twist just about anything - from the simplest one-balloon poodle to multi-balloon crazy hats to a life-sized balloon motorcycle that you can actually sit on (great photo opportunity)! A "children's party veteran," Christopher involves the kids in the magic and features the birthday boy or girl for the grand finale, and armed with just a pack of cards, some coins and a few other small objects in his pockets, he has entertained adult gatherings with astounding close-up/walk-around magic. The entertainment and laughs that Christopher brings are great for birthday parties, corporate events, grand openings, and your event in particular. Don't need an entertainer but you're looking for a unique gift for that special someone? The Amazing Christopher also makes and delivers balloon bouquets in the Tulsa and surrounding area. These aren't your normal bunch of helium balloons attached to a coffee cup but amazing balloon sculptures that can be made to your specifications and guaranteed to make anyone the center of attention on his or her special day. Examples can be seen on the website.

Coffee

HEALTHY COFFEE

Organo Gold is a 100% Organic Ganoderma Coffee. Coffee that tastes richer and better than any cup of coffee you've ever had before. Gano Coffee not only tastes great but, get this, because of the unmatched health properties of Ganoderma Lucidum or Reishi Mushroom, also known as "the King of Herbs", this red mushroom infused in every cup of coffee is said to promote good health and well being! This is where the saying "Healthy Coffee" comes into play. Contains 100% Organic Ganoderma Lucidum!

transform ordinary gatherings into
extraordinary ones by using a mixture
of magic, comedy and special effects.

SIDESHOW

ENTERTAINMENT/AMAZING CHRISTOPHER

Need to liven up your next event? The Amazing Christopher can make it an affair to remember. Christopher amuses children with his kids comedy magic and confuses adults with close-up magic, and people of all ages love his incredible balloon art. Christopher can twist just about anything - from the simplest one-balloon poodle to multi-balloon crazy hats to a life-sized balloon motorcycle that you can actually sit on (great photo opportunity)! A "children's party veteran," Christopher involves the kids in the magic and features the birthday boy or girl for the grand finale, and armed with just a pack of cards, some coins and a few other small objects in his pockets, he has entertained adult gatherings with astounding close-up/walk-around magic. The entertainment and laughs that Christopher brings are great for birthday parties, corporate events, grand openings, and your event in particular. Don't need an entertainer but you're looking for a unique gift for that special someone? The Amazing Christopher also makes and delivers balloon bouquets in the Tulsa and surrounding area. These aren't your normal bunch of helium balloons attached to a coffee cup but amazing balloon sculptures that can be made to your specifications and guaranteed to make anyone the center of attention on his or her special day. Examples can be seen on the website.

Magicians

BRADINI MAGIC PRODUCTIONS

Magician Brad "Bradini" Evans can transform ordinary gatherings into extraordinary ones by using a mixture of magic, comedy and special effects. From birthday parties to company functions, Bradini, voted Best Birthday Party Entertainer and Best Local Entertainer, can create a show that will keep kids and/or adults mystified. For birthdays, Bradini features the birthday child and uses lots of comedy and audience participation. "Kid shows involve magic, music and sometimes juggling or puppetry as well as balloon animals and party bags, depending on the ages of the children." He can float the birthday child in the air and saw him/her in half (magically of course). For adults, Bradini entertains the audience with a 100% clean comedy magic show or illusion show. For schools, Bradini provides educational magic shows. He presents the following shows: 1) "The Magic of Reading" 2) "Be A Winner, Say NO to Drugs" 3) Kids With Character and 4) "Yes I Can Self-Esteem Magic Show." To schedule Magician Brad "Bradini" Evans or for more information, please call (918) 272-1651. SIDESHOW

ENTERTAINMENT/AMAZING CHRISTOPHER

Need to liven up your next event? The Amazing Christopher can make it an affair to remember. Christopher amuses children with his kids comedy magic and confuses adults with close-up magic, and people of all ages love his incredible balloon art. Christopher can twist just about anything - from the simplest one-balloon poodle to multi-balloon crazy hats to a life-sized balloon motorcycle that you can actually sit on (great photo opportunity)! A "children's party veteran," Christopher involves the kids in the magic and features the birthday boy or girl for the grand finale, and armed with just a pack of cards, some coins and a few other small objects in his pockets, he has entertained adult gatherings with astounding close-up/walk-around magic. The entertainment and laughs that Christopher brings are great for birthday parties, corporate events, grand openings, and your event in particular. Don't need an entertainer but you're looking for a unique gift for that special someone? The Amazing Christopher also makes and delivers balloon bouquets in the Tulsa and surrounding area. These aren't your normal bunch of helium balloons attached to a coffee cup but amazing balloon sculptures that can be made to your specifications and guaranteed to make anyone the center of attention on his or her special day. Examples can be seen on the website.

BRADINI MAGIC PRODUCTIONS

Magician Brad "Bradini" Evans can transform ordinary gatherings into extraordinary ones by using a mixture of magic, comedy and special effects. From birthday parties to company functions, Bradini, voted Best Birthday Party Entertainer and Best Local Entertainer, can create a show that will keep kids and/or adults mystified. For birthdays, Bradini features the birthday child and uses lots of comedy and audience participation. "Kid shows involve magic, music and sometimes juggling or puppetry as well as balloon animals and party bags, depending on the ages of the children." He can float the birthday child in the air and saw him/her in half (magically of course). For adults, Bradini entertains the audience with a 100% clean comedy magic show or illusion show. For schools, Bradini provides educational magic shows. He presents the following shows: 1) "The Magic of Reading" 2) "Be A Winner, Say NO to Drugs" 3) Kids With Character and 4) "Yes I Can Self-Esteem Magic Show." To schedule Magician Brad "Bradini" Evans or for more information, please call (918) 272-1651. ENTERTAINMENT/AMAZING CHRISTOPHER

Need to liven up your next event? The Amazing Christopher can make it an affair to remember. Christopher amuses children with his kids comedy magic and confuses adults with close-up magic, and people of all ages love his incredible balloon art. Christopher can twist just about anything - from the simplest one-balloon poodle to multi-balloon crazy hats to a life-sized balloon motorcycle that you can actually sit on (great photo opportunity)! A "children's party veteran," Christopher involves the kids in the magic and features the birthday boy or girl for the grand finale, and armed with just a pack of cards, some coins and a few other small objects in his pockets, he has entertained adult gatherings with astounding close-up/walk-around magic. The entertainment and laughs that Christopher brings are great for birthday parties, corporate events, grand openings, and your event in particular. Don't need an entertainer but you're looking for a unique gift for that special someone? The Amazing Christopher also makes and delivers balloon bouquets in the Tulsa and surrounding area. These aren't your normal bunch of helium balloons attached to a coffee cup but amazing balloon sculptures that can be made to your specifications and guaranteed to make anyone the center of attention on his or her special day. Examples can be seen on the website.
