

YPA Student Parking Contractual Agreement

Parking

For the safety and well-being of students as well as for the purpose of conserving energy, the YPA School Board requests parents to encourage students to ride school buses where available, and students who live within walking distance of school to walk to school. Where private transportation is necessary, the parents are encouraged to do the driving. Parking on school property is a privilege extended to students in grades 10 who do not owe fees or fines. A fee of \$20.00 is required to park on campus. Cars must have their hang tag displayed on the rear view mirror. Permission to park on school property may be rescinded by the administration for any person who does not observe regulations.

Student parking is located in the Student Union parking spaces. Students should enter the school from Eastview Road. Anyone parked in handicapped parking is subject to school discipline as well as actions taken with law enforcement. Students with debts cannot register for parking. If debt occurs during first semester before receiving a parking pass, driving privileges will be revoked second semester until debt is paid in full.
