CHECKPOINT is the official publication of the Kansas City Region Sports Car Club of America. Any opinion expressed is that of the authors and is not necessarily the opinion of the members of the Region, its officers or the CHECKPOINT staff. By publishing advertising in CHECKPOINT the Kansas City Region does not endorse the products of service advertised. Permission to reprint all artwork, photographs and articles published in CHECKPOINT is given to all SCCA regional publications and to SCCA's Sports Car Magazine, provided full credit is given to the author, CHECKPOINT and the Kansas City Region SCCA. Deadline for submission to CHECKPOINT is the selected General Meeting date.

RE VIEW

With Bill Johnson, III

Great Start

Finally spring is here and we've been able to get out and get our first solo and first road race of the year under our belts.

Walking around at Arrowhead what really strikes you are the dramatic number of really young people participating in the solo program. They all bring friends with them, and of course they have some kind of neat car with work done to it to make it go faster and look better. These "kids" and others like them are the future of our club and one of our great challenges is to get them to become members and stay as members.

The event as a whole had almost 160 entries and the lot was full all day long. It really looks like it's going to be a great year for our solo program. Whether you participate or not I hope everyone takes the time to get out to a solo event to see how much fun both the young and old are having.

Alex and our entire race organization did a great job with our first road race event. While the track surface was finished, everything else at Heartland was still in the process of being finished - essentially we were racing on a construction site. The storms that blew through turned everything off of the asphalt into a huge mud bog. Several cars, including Charlie Clark had to be brought in on a wrecker after going off of the track because of all of the mud that stuck to their cars. With all of this, everyone seemed to have a great time. More people showed up at the party, stayed longer, drank a little more and had more fun than I've seen in a long time.

While this weekend was a challenge, it is exciting to see all of the changes at Heartland nearing completion. The track surface is smooth and fast and all of the new buildings will make this an unbelievable facility when finished. Our June event is really going to be great and getting to use the Runoffs configuration will be a big boost.

I would like to thank Jim Wheeler for his work with the PDX program. Jim's enthusiasm for the PDX and for getting new people on the race track is incredible and it is what makes this program better than what any other car club could ever offer.

Don't forget about the solo/road race challenge at Sadlers coming up in May. My 2 teenage sons are already talking some "smack" and have offered to drive for either the solo or road race side, whichever pays them more. It will be a lot of fun.

YAKETY YAK.....

Dear Mom,

Chuck & Sue Woloscsuk have purchased a home in Timberon, New Mexico. It has three bedrooms, 2 baths and a huge kitchen (the living room, dining room and kitchen are one big room). They also have an attached two-car garage that is heated! They will shop in Alamo-gordo, NM which is about 50 miles away. Their home is about 30 minutes from Ken Kerns' home - which should be convenient for the kids to visit both parents when in New Mexico. Chuck's mother is 1 to 1 ½ hours away on the opposite side of the mountain. At the end of the summer, Sue's mother, Opal Estes (who now resides in Warsaw, MO) will be moving to Timberon and living with Chuck & Sue.

Steve Eberman and Mary Merola proudly announce the birth of their third grandson. Henry Eberman arrived on March 22, 2006. He is welcomed home by big brothers, Elias (who will be 6 years old in May), Leo (who was 3 years old in April) and parents Kevin & Jill. They reside in Providence, RI. Note, grandsons will celebrate birthdays in March, April and May!!

Mike Farley flew to Anchorage, Alaska recently. He then rented a minivan and drove to Homer to photograph eagles on the Homer 'Spit'. Hundreds of bald eagles gather there to be fed which makes for a unique photo experience. Mike said that so far 300 color slides have made the semi-finals! Mom was privileged to see some of the outstanding photos that Mike shared at the KCR general meeting. And they are just fabulous!

Hayden & Hunter Smith of Hughes Springs, Texas, grandsons of Charlie & Sharlene Smith arrived at the Hallett race track on Apr 9th to watch Grandpa race. They also were there when Grandpa & his race car tangled with the tire wall by the Tech Bam turn during the race. Both Charlie & the race car are on the mend. The boys were accompanied to the track by their parents and all celebrated the Easter holiday - a week early. Both boys are very active in baseball.

Brian and Bonnie Haupt received the following from their daughter, Maria, who resides in Kayseri, Turkey with her family (which includes the Haupt's youngest grandchild, Sophia). Maria said she had a great seat for the recent total eclipse of the sun on March 29th. She watched with her neighbors, just outside of their balcony. She could see Erciyes Mountain, had some tea and lots of good company via her neighbors. She also sent some real neat photos of the eclipse, the mountain and of the darting grandchild.

Our condolences to Tyler Fox on the death of his wife, Jessica Anne (Schmidt) Fox, who died as the result of an automobile accident in Rochester, MN. Tyler & Jessica moved to MN in 2005 for his residency at the Mayo Clinic. Tyler is a KCR solo driver.

New Policies for Checkpoint Advertising
Gini Ragan, Checkpoint Ed.

The billing procedure for advertising in Checkpoint was discussed at the March Board Meeting and new policies have been put in place. The Board decided advertisements should be paid for in advance and that billing will be quarterly. At the same time, because of the need of the editor to know who has paid, it was decided the editor will bill for ads and payment will now be sent to the editor. Of course if it is more convenient to drop payment off at Williams Import Engines, Norma will gladly accept. As always, if you wish to place an ad for a 1 time run, we will accept the ad with payment. We would like to thank those advertisers who have supported the Kansas City Region so loyally in the past and encourage more of you to place an ad in Checkpoint so that members know what services you offer and can make those services available to themselves when needed.

THOUGHTS AND NOTES FROM THE EDITOR

You know I was thinking if you plan to stay in a motel/hotel during the Runoffs it is probably time to be making those reservations. At about the same time Ken Kern sent an ad looking for a place to sleep during the Runoffs. So, thinks I, it would be nice for those of us who have spare beds in our motor homes to offer friends, workers, crew, whatever a place to sleep; therefore I am making the suggestion. It might help members who haven't had the opportunity to participate in a Runoffs have the opportunity and it will free up beds for those who are traveling a greater distance.

Most of you now know that Checkpoint is now available on-line at the KCR website. Soon we will be requesting those members who wish to be removed from the mailing list to let the Checkpoint editor know. The details of this project have not been worked out or even thought thru at this time. I am thinking there will be a form to fill out and return. If it is important to you to continue to receive Checkpoint in the mail this is OK and we will continue to mail Checkpoint to members but for those of you want to read on line, we are happy to accommodate you, too

The Things People Think We Don't Do, We Really Do Do.

We suppose you can't really blame people for not realizing a true fact.

We're the best vintage car shop in town, so lots of people just assume we don't offer:

STREET CAR PREVENTIVE MAINTENANCE -- Oil changes, lube, shocks, brakes, exhaust, front drive service -- we do it all!

UPHOLSTERY -- Choose from the same wide range of colors and styles you find anywhere.

BODY WORK -- Our specialists have always been first class in aluminum body repair and fabrication. Surprise -- we do steel and fiberglass, too!

PLUS -- We still offer the other quality design and fabrication services we've built our reputation on.

So if you take it to the street, take it to us -- the car experts who really do do.

ARE YOUR NUMBERS IMPORTANT ENOUGH?

Gini Ragan
Chief T&S

I am just back from another race weekend where seeing a competitors number became a challenge on some cars. Some drivers were requested to change the color of their numbers and they complied, happily I hope. Other drivers didn't hear the workers in timing complain about their number but it struck me that although sponsors are important, maybe identifying the car was more so and shouldn't the number on the car be the most important? (Even a corner station called in a bad number at MAM.)

Phyllis Nelson found the following in a Grassroots Motorsports article called Turn One

"One of my college English teachers had a simple rule: Turn in a paper with a comma splice and you'd get an F. It was a harsh rule, it did make a point. (Just kidding about that comma splice there, folks.)

"I have a similar rule that involves numbers formed out of masking tape. With all of the options available today, there's no reason your car should regularly show up at motorsports events with numbers and class designations that resemble a kindergarten art project.

"Not only do tape numbers make our sport look amateurish, they can be a pain in the butt for those in the timing trailer. At my last two autocrosses, problems regarding the scoring for the event could be directly attributed to hard-to-read numbers formed from masking tape.

Don't have skills to do your own numbers? Call your local sign shop or one of the fine advertisers in this fine magazine. They can quickly whip up some good-looking numbers. Personally, I like blocky fonts, but go with what works for you. Don't forget to make them big."

The GCR states the minimum size a number can be and after that you are on your own, except if Timing and Scoring has a problem with your number, they may choose to not score your car. I have never seen that happen but it could and maybe should if you are constantly asked to make corrections.

I would also ask drivers to make sure your transponders are charged if they are battery powered and properly placed in your car (I think they came with directions on how and where to install.) Be sure you turn them on before entering the course

My last bit of advice, today, is play safe and have fun whether you are on a road course or at an autocross or participating in a rally.

Irwin on Right Track

By Pete Goering, the Capital Journal
Published Sunday April 2, 2007

That wasn't your grandfather's race track Raymond Irwin showed off to a guest last week. It wasn't even the race track Irwin bought three years ago this weekend.

People who haven't visited Heartland Park Topeka recently wouldn't recognize the place.

I know I didn't. My mind flashed back 17 years when the O'Shaughnessy family opened the gates on the brand-new facility south of the city.

The event was the Camel Grand Prix of the Heartland, a sexy name for minor league road racing. If Indy and Formula One cars were the major leagues of road racing, the GTP cars driven at Heartland Park by the likes of Geoff Brabham and Arie Lyenkyke were high Triple-A.

We had never seen racing like that - and, based on the meager crowds who came to the races here, many of us still haven't - but it was a tantalizing appetizer to what Heartland Park Topeka could offer.

Fans watched that first Grand Prix sitting on big mounds of dirt. Members of the media watched from the rather stark, cramped confines of a mobile home.

Despite the spartan conditions, I remember thinking the Heartland Park Topeka of 1989 was pretty cool.

Now, as I ride around the expansive facility inside Irwin's minivan, I have to stifle a chuckle as I see first-hand how much the place has changed since those early days of berms and portable press boxes.

Sure, the track's cash cow - the quarter-mile drag strip, which for awhile at least carried the well-deserved distinction of the fastest drag strip in the world - remains very much the heart, literally and figuratively, of the facility, but today there is so much more.

Irwin drives us past a stunning array of new buildings. There's a new credential building, the first stop for all competitors; a new maintenance building twice as big as the current facility; 33 new garages, each with air compressor and work bench; a pavilion just east of the drag strip that will serve as a social center for racers, fans and workers alike; an 18,500-square foot tech building that includes showers and a satellite concession/souvenir stand; a 10,000-square foot building for on-site tire services; and an ever-expanding two-story timing and scoring tower and media center for road course events.

And that doesn't include a 23-acre patch of asphalt that will be used for the Sports Car club of America Solo National Championships coming in September.

The stunning layout, which will go on display during a ribbon cutting on April 24, shows what happens when a man has a dream.

Well, that and \$15 million.

I don't know what is more amazing, that Irwin could revive in three years a track on the verge of insolvency or that he could convince city and state leaders to pony up that kind of money, \$5 million of it coming from the city, the other \$10.46 million from state-approved STAR bonds.

He had a pretty convincing sales pitch, of course. Perhaps you've heard it: Build it, and they will come.

"Meet in the Middle Rally"

Rich Bireta and Albert Weaver

Twenty five rally teams from four MiDiv SCCA Regions came together to run the Meet in the Middle TSD road rally on Saturday, March 11. The unique aspect of this rally was that competitors had their choice of two different starting locations. Seventeen cars started at Gregg Tire in Topeka, Kansas while eight crews started from Dillon's in North Wichita. Each set of competitors followed a different route through the Flint Hills of Kansas until the rally routes merged at the second checkpoint near Cottonwood Falls, Kansas. From there the teams followed a common route to the finish at the renowned Chicken House Restaurant in the small town of Olpe, Kansas, just south of Emporia.

The second half of the rally led the teams past the historic Chase County Courthouse, the oldest, actively used courthouse in the state, to the middle of nowhere down Middle Creek road. The route also passed near the site near Bazaar, Kansas where, 75 years ago, Notre Dame football coach Knute Rockne died in a plane crash.

One goal of this rally was to energize the MiDiv rally program by offering an event that would attract more than the average 10 car field that is typically seen at a MiDiv event. This was the first event of 2006 where competitors can earn points in the year long MiDiv Regional Rally Series.

SCCA events like this rally can not occur without a significant volunteer effort on the part of many people. A very big "Thank You" goes out to these workers:

Checkpoint workers:

Mayjo LaPlante and Robin Elliot,
Derrick Carpenter and Shari Youngman,
Devon and Anne Marie Bireta,
Keith and Judy Pfautz for working and com-

peting,

Albert Weaver and Rich Bireta.

Charlene Bettinger, for handling the Wichita Registration desk,

Randy Gregg, for a great Topeka starting location,

The Heart of America Z Club for providing four entries.

Despite some minor problems with the route instructions (some misspellings and incorrect signage) and a delay in scoring, 24 of the 25 teams made it to the finish. The one DNF was due to medical reasons.

This event was an ambitious undertaking for the organizers, with a total mileage of 280 miles including both starting locations.

The results of the rally were somewhat surprising. No surprise was that first place overall went to SCCA National Rally Manager Pego Mack and her navigator Steve Nelson. Second through fourth places, however, went to Novice class entries! Second and third places went to Kansas City Region members Sandra and Al Hermans and Tim and Susan Oberle, respectively. Randy Gregg and Lonnie Worthington, from the Kansas

Region, came in fourth. Fifth place overall went to MiDiv Rally Steward and MiDiv Series organizer Bruce Bettinger and his wife Charlene.

Other Kansas City Region entries were Ken and Chelsea Snyder, competing in their first rally together, who finished 8th in class and Zach Ingalls and John Ready who finished 10th.

Complete event results can be found at the Kansas Region web site (www.kansasregionscca.org).

One final "Thank You" is due to all the competitors for their involvement, good sportsmanship, and patience with any issues during the rally. Most importantly, the organizers hope everyone had fun, and hope to see you again soon on the rally road!

SCCA Road Rally

Kansas City Region, SCCA
General Meeting, April 4, 2006
Creekside Pub and Grille
9916 Holmes Rd, KCMO

The meeting was called to order by RE, Bill Johnson. Bill announced Sharlene Smith has posters and calendars available; you can pick them up in the back of the room.

Alex Clark made the motion to approve the minutes of the January, February and March general meetings as they were printed in Checkpoint. Rodney Giebel second the motion and the motion passed. Lorena Irvine presented the treasurers report. Norma Williams reported 579 members and that she had club merchandise available.

Niel Leon reported Joe Tassler and Al Hermans are the chairman for the first solo. There were 132 participants pre-registered. The first Divisional Solo will be in Kansas City on April 29 and 30. Jerry Irvine, chairman, asked for door prizes and encouraged sponsors. The waiver forms for minors were discussed.

Alex Clark reported on the first race at Heartland Park this year and stated there were 101 cars on the track. A parade lap was dedicated to Sue Woloscuk who will be moving to New Mexico in May. Sue is the original Lizard! Jim Wheeler reported on the PDX school and that he made Jeff Kopp the assistant. Felix, an exchange student, living with Dale and Deana Smith enjoyed working corners.

Jeff Kopp gave results for the races held in St. Louis and Topeka and reminded us that there will be racing at Hallet, MAM and St Louis in the next month or so.

Gary Hartman gave the World of Wheels report, stating there were 10 cars in the Region's booth and that everyone had a good time.

Charlie Clark, Division 6 Director reported that the National Board had agreed to allow the KVRG to use the 2.5 mile track.

Steve Roberts reported on the Solo/Race Challenge to be held May 17 at Sadlers at about 7:30.

Alex Clark reported the band that Jeff Kopp is a member of have agreed to perform for our June event at Heartland Park.

Charlie Williams had the usual trivia questions and door prizes.

There being no further business, the meeting was adjourned.

Respectfully submitted
Gini Ragan, Secretary
Minutes Not Approved

Dear Prospective SCCA member.

To apply for membership in the Sports Car Club of America, the worlds largest member participation automotive organization, please print and complete the form in full and return, with payment to:

Norma Williams, 2701 W. 47th Street, Westwood, KS 66205. If you have questions, please call (913)262-6300.

Please Print or Type
