Horizons of Knowledge

Competence to master the future.

The Aesculap Academy enjoys a world-wide reputation for medical training of physicians, senior nursing staff and staff in OR, anesthesia, ward and hospital management as well as family doctors. The CME accredited courses consist of hands-on workshop, management seminars and international symposia. For that the Aesculap Academy was given the Frost & Sullivan award as «Global Medical Professional Education Institution of the Year» three time in succession.

Course objectives

Dear Colleague,

We welcome you cordially and are looking forward to see you at this interesting double meeting starting in Bellinzona, Ticino, Switzerland.

This course evolved out of our «Cerebral Revascularization Course» held over the last 10 years. To improve the «hands-on» capabilites we reserved two complete days in Bellinzona Ticino, Switzerland followed by two complete days of international faculty presenta-tions and discussions about «Strategies in Complex Aneurysm Surgery» in Bern, Switzerland.

The international course faculty will accompany the participants during their operations on live animals.

Together with the short lectures on new or important specific surgical techniques the participant learns how to master surgical vascular emergencies.

We are looking forward to seeing you in Bellinzona in September this year.

Michael Reinert, MD

Jürgen Beck, MD

Programme

DAY 1, Tuesday 24 th September 2013, Hands-on		
08.00–08.30	Registration and welcome coffee	
08.30–08.45	Welcome and introduction M. Reinert	
08.45–09.00	Microanastomosis techniques (sutures, instruments) D.J. Langer	
09.00–09.15	Cerebral blood flow–quantification, metabolic demand and decision making S. Amin–Hanjani	
09.15–09.40	Demonstration on master microscope: First microanastomosis on training devices: end to end and end to side D. Hänggi	
09.40–10.00	Break	
10.00–12.30	Personal training with faculty coaching for end to end and end to side on training devices	
12.30–13.30	Lunch	
13.30–13.45	Demonstration on master microscope: End to end carotid artery microanastomosis D. Hänggi	
13.45–15.45	Personal training with faculty coaching in rat model	
15.45–16.00	Break	
16.00–16.15	Demonstration on master microscope: End to side carotid artery anastomosis D.J. Langer	
16.15–17.45	Personal training with faculty coaching in rat model	
17.45–18.00	Novel transdermal oxygen saturation technique Ph. Bijlenga	
19.00	Evening Social Dinner at Restaurant Sasso Corbaro, Bellinzona	

Programme

DAY 2, Wednesday 25 th September 2013, Hands-on		
08.30–08.35	Welcome and summary M. Reinert	
08.35–08.50	Vascular clips (Aesculap, Lasic, Sugita, Spetzler, AVM clips) advantages of usage J. Beck	
08.50–09.05	Vascular emergency kit A. Raabe	
09.05–09.10	Vascular emergency case J. Beck, M. Reinert	
09.10–09.25	Demonstration on master microscope: End to side carotid artery to jugular vein anastomosis S. Amin–Hanjani	
09.25–11.00	Personal training with faculty coaching in rat model	
11.00–11.15	Break	
11.15–12.15	Personal training with faculty coaching in rat model	
12.15–12.30	NOVA for carotid endarterectomy M. Reinert	
12.30–13.30	Lunch	
13.30–14.00	Electrophysiologic monitoring for vascular surgery K. Seidel, L. Valci	
14.00–14.15	Demonstration on master microscope: End to end femoral artery bypass D. Hänggi	
14.15–16.00	Personal training with faculty coaching in rat model	
16.00–16.15	Break	

Programme

16.15–17.15	Hands-on test microanastomosis end to end anastomosis
17.15–17.30	Course evaluation, certificate distribution
	Transfer to Bern for participants of Strategies in Complex Aneurysm

DAY 3 & 4, 26th–27th September 2013, Lectures

Strategies in Complex Aneurysm Surgery
University of Bern, Switzerland
Registration fee: CHF 100.–
