

# KIDS IN THE KITCHEN

10:00 - 11:15  
Recommended for ages 4 and up

Chop, stir, pour and mix! Get your senses cooking, and begin a life-long culinary adventure with your child. Together, you and your little chef will discover the joy of cooking by creating and eating kid-friendly meals.

This parent/child class includes ingredients for 1 adult and 1 child. Additional family members may register for an additional \$8 unless it is an additional adult/child pair in which case you need to do a separate registration form. Only registered participants may attend class. \*Please note, substitutions cannot be made for dietary restrictions or allergies.

\*Kids in the Kitchen program does not include admission into the Discovery Center. A \$5 discounted admission will be extended to participants wishing to visit the Center

**C**ooking with young children increases their literacy skills, as they expand their vocabulary, and strengthens their math skills, as they count eggs or pour water into a measuring cup. In addition, it builds their appreciation for new flavors and lays the foundation for healthy eating habits.
