1 Introduction

Only two customs declaration forms are used, as required under section 123.6 of the *USPS International Mail Manual*, for international mail:

1. PS Form 2976, *Customs Declaration CN 22 — Sender's Declaration* (green label);
2. PS Form 2976–A, *Customs Declaration and Dispatch Note — CP 72*. PS Form 2976–E, *Customs Declaration Envelope — CP 91*, is used as a carriage document for PS Form 2976–A.

Users must know which form is applicable for each shipment. An individual country will require a PS Form 2976 (CN 22) or PS Form 2976-A (CP 72) Customs Form, depending on the contents of the package. The correct form for each country and content combination can be found in [Section 123 of the USPS International Mail Manual](#) (IMM) or from the International Rates Calculator Web Tool.

Another way to determine which form is needed is to check the data returned by either of the Web Tools described in this guide. As part of the response, the appropriate form is specified. Refer to the *Response Parameters* sections for each Web Tool.

Both customs forms require signatures by the sender before submission to the post office.

Examples of both customs declaration forms are provided later in this guide, although the images presented may be smaller than actual size to conserve space.

Aviation Mail Security & Hazardous Materials

The Aviation Mail Security and Hazardous Materials Programs represent the U.S. Postal Service's commitment to provide a safe environment for our customers, employees, and the traveling public.

The U.S. Postal Service has taken a proactive role in the areas of aviation mail security and hazardous materials acceptance, handling, and transport for many years. Over 200,000 hours of training has been provided to our employees, supervisors, and managers in the last year alone. Each year these programs are modified to meet increased challenges through improved technology. Our multi-phased programs are in effect 365 days a year, 24 hours a day. The particulars of our programs are withheld for security reasons. However, complying with the following restrictions will assist us in securing a safe mailing environment for us all:

2 Customs Forms (CN22V2) API

A PS Form 2976, *Customs Declaration CN22 – Sender's Declaration*, must be used on all First-Class Mail International® package-size items (small packets), the Priority Mail International® Small Flat Rate Box, M-bags, and certain Express Mail International® items. Refer to *International Mail Manual* at pe.usps.com for additional information.

Also use this form on a First-Class Mail International mailpiece or the Priority Mail International Flat Rate Envelope if ANY of the following applies:

- The mailpiece weighs 16 ounces or more (4 pound maximum weight limit);
- The mailpiece exceeds ¾ inch thick; or
- The mailpiece contains dutiable contents.

NOTE: Priority Mail International Flat Rate Envelopes and First-Class Mail International large envelopes (flats) containing only documents, weighing under 16 ounces, and meeting the flat-size characteristics do not require a PS Form 2976.

Do not use this form for mailpieces: 1) Containing items valued over \$400; 2) requiring an export license; 3) containing goods (non-documents) destined to Iran or Syria; or 4) containing goods destined to Cuba, North Korea, or Sudan, other than gift parcels or humanitarian donations as defined by 15 CFR § 740.12.

For APO, FPO and DPO destinations, PS Form 2976 may be used when sending certain items (all domestic mail classes). Refer to the current "Overseas Military/Diplomatic Mail" section of the latest *Postal Bulletin* at usps.com for additional information.

Your goods may be subject to restrictions (e.g quarantine, pharmaceutical, etc.). This form must be properly completed and applied to the address side of the mailpiece.

Military addresses must show the grade, full name with middle name or initial, and PSC number, unit number, or ship name. Replace the city name with "APO," "FPO," or "DPO," and the state with "AA," "AE," or "AP," and use a special ZIP Code. Enter the recipient APO, FPO, DPO ZIP code using tag <ToAPOFPOZip5>.

Use the tags <ToAddress1>, <ToAddress2>, <ToAddress3>, <ToAddress4> for the recipient address. Use the tag <ToAddress4> to enter the entire APO, FPO, DPO city, state, and ZIP code.

For example: <ToAddress4>FPO, AP 96612</ToAddress4>

Addressing US Possessions, Territories and Freely Associated States

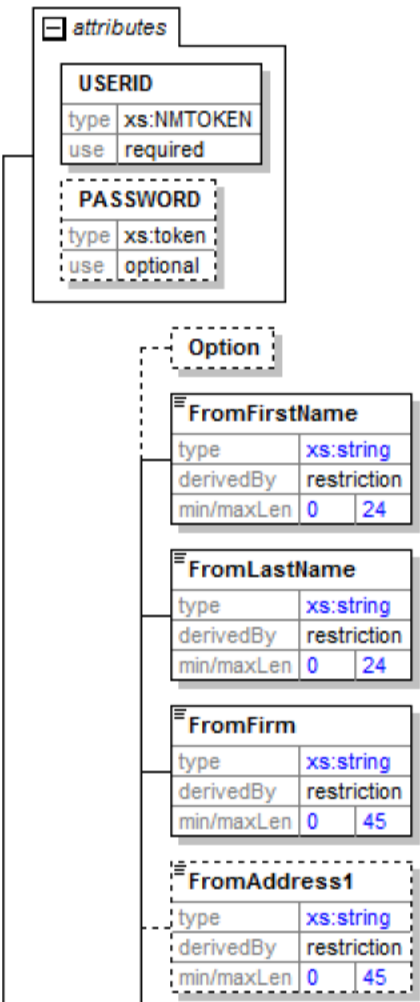

Packages addressed to non-military destinations in US Possessions, Territories and Freely Associated States are addressed by entering the recipient zip code in the <ToAPOFPOZip5> tag. For example:

Mailing Office Date Stamp

Customs Forms 2976 Instructions

A PS Form 2976, *Customs Declaration CN22 – Sender's Declaration*, must be used on all First-Class Mail International® package-size items (small packets), the Priority Mail International® Small Flat Rate Box, M-bags, and certain Express Mail International® items. Refer to the *International Mail Manual* at pe.usps.com for additional information.

Also use this form on a First-Class Mail International mailpiece or the Priority Mail International Flat Rate Envelope if ANY of the following applies:

- The mailpiece weighs 16 ounces or more (4 pound maximum weight limit);
- The mailpiece exceeds ¾ inch thick; or
- The mailpiece contains dutiable contents.

NOTE: Priority Mail International Flat Rate Envelopes and First-Class Mail International large envelopes (flats) containing only documents, weighing under 16 ounces, and meeting the flat-size characteristics do not require a PS Form 2976.

Do not use this form for mailpieces: 1) Containing items valued over \$400; 2) requiring an export license; 3) containing goods (non-documents) destined to Iran or Syria; or 4) containing goods destined to Cuba, North Korea, or Sudan, other than gift parcels or humanitarian donations as defined by 15 CFR § 740.12.

For APO, FPO and DPO destinations, PS Form 2976 may be used when sending certain items (all domestic mail classes). Refer to the current "Overseas Military/Diplomatic Mail" section of the latest *Postal Bulletin* at usps.com for additional information.

Your goods may be subject to restrictions. It is the responsibility of the mailer to inquire about and to abide by any import and export regulations and restrictions (e.g., quarantine, pharmaceutical, etc.). This form must be properly completed.

FROM (Sender information) and TO (Addressee information) section: Sender and addressee's full name and full address must be entered in the blocks provided.

(1) Enter a detailed description of each article – e.g., "men's cotton shirts." General descriptions – e.g., "samples", "food products" or "toiletries" – are not permitted. (2), (3) and (4) Enter the quantity, net weight (pounds and ounces) and value of each article. (5) For commercial items only. If known, the 6-digit Harmonized System (HS) number must be based on the Harmonized Commodity Description Coding System developed by the World Customs Organization. (6) Enter the total quantity, weight and value of all articles.

(7) Exemption and Exclusion Legend. In order to comply with U.S. Census Bureau Foreign Trade Regulations, check the box "NOEEI § 30.37(a)" or "NOEEI § 30.37(h)." Use the following explanations to help determine your choice:

NOEEI 30.37(a) may be used when the value of each class of goods is \$2,500 or less, when an export license is not required. This Exemption and Exclusion Legend may never be used for items sent to Cuba, North Korea, or Sudan.

NOEEI 30.37(h) may be used for gift parcels or humanitarian donations destined to certain sanctioned countries (as of 12/2009, this includes Cuba, North Korea, and Sudan), if the package complies with the conditions set forth in 15 CFR § 740.12.

(8) Sign and date the form. Your signature certifies that all entries are correct and the item(s) being mailed contain no dangerous, prohibited, or restricted contents per postal, customs, or destination country regulations. Your signature also certifies compliance with Foreign Trade Regulations and confirms your liability for the item(s) being mailed.

Privacy Act Statement: Your information will be used to satisfy reporting requirements for customs purposes. Collection is authorized by 39 U.S.C. 401, 403, 404, and 407; 13 U.S.C. 301 – 307; and 50 U.S.C. 1702. Providing this information is voluntary, but if not provided, we may not process your transaction. We do not disclose your information to third parties without your consent, except to facilitate the transaction, to act on your behalf or request, or as legally required. In addition to disclosures permitted by statute, this includes the following limited circumstances: to a congressional office on your behalf; to financial entities regarding financial transaction issues; to a USPS® auditor; to entities, including law enforcement, as required by law or in legal proceedings; to contractors and other entities aiding us to fulfill the service (service providers); and to domestic and international customs pursuant to federal law and agreements, the U.S. Census Bureau, and other governmental entities with authority over exportation.

3 Customs Forms (CP72V3) API

PS Form 2976-A, *Customs Declaration and Dispatch Note CP 72*, is used by foreign customs' authorities to clear mail for entry into their country and, when appropriate, assess duty and taxes. Failure to fully and accurately complete this form may result in the delay of the mail, inconvenience to the recipient, or the incorrect assessment of duty and taxes. This form is a six-part form that must be inserted into an adhesive-backed plastic carrier envelope (PS Form 2976-E, *Customs Declaration and Dispatch Note Envelope*).

The Customs Form PS 2976-A should be completed and properly affixed to the parcel so that copy 1, Customs Declaration, is flat and not folded and the contents can be read through the transparent plastic envelope. When required, place commercial invoices in the transparent plastic envelope with the customs declaration. The mailer is responsible for completing the appropriate customs declaration.

Your signature also certifies compliance with Foreign Trade Regulations and confirms your liability for the item(s) being mailed.

Block 16: Select an option specifying instructions in case of nondelivery. Items returned to sender are subject to return charges at the sender's expense.

Block 17: Except for shipments to APO/FPO/DPO addresses, enter an Exemption and Exclusion Legend or a Proof of Filing Citation (PFC). In general, mailpieces containing any type of goods (per Schedule B Export Codes at <http://www.census.gov/foreign-trade/schedules/b>) valued at more than \$2,500 or requiring an export license under U.S. law must have a Proof of Filing Citation (PFC) issued by the U.S. Census Bureau, subject to certain exceptions. Mailpieces that are exempt from filing must have an Exemption and Exclusion Legend. Regardless of exemptions, all mailpieces must have a PFC if they are destined for certain countries designated by the Department of State. To obtain a PFC and file electronically through the Census Bureau's Automated Export System (AES), or for additional information, please go to <http://www.census.gov/foreign-trade/aes> or call 1-800-549-0595. Please also refer to US Postal Service Publication 613, *Shipping International Packages*, for additional information.

Privacy Act Statement: Your information will be used to satisfy reporting requirements for customs purposes. Collection is authorized by 39 U.S.C. 401, 403, 404, and 407; 13 U.S.C. 301 – 307; and 50 U.S.C. 1702. Providing this information is voluntary, but if not provided, we may not process your transaction. We do not disclose your information to third parties without your consent, except to facilitate the transaction, to act on your behalf or request, or as legally required. In addition to disclosures permitted by statute, this includes the following limited circumstances: to a congressional office on your behalf; to financial entities regarding financial transaction issues; to a USPS® auditor; to entities, including law enforcement, as required by law or in legal proceedings; to contractors and other entities aiding us to fulfill the service (service providers); and to domestic and international customs pursuant to federal law and agreements, the U.S. Census Bureau, and other governmental entities with authority over exportation.

PARCEL INDEMNITY COVERAGE: Indemnity for Priority Mail International® parcels, including insured and ordinary (uninsured) parcels, is provided only in accordance with Postal Service regulations in the Domestic Mail Manual (DMM®) and the International Mail Manual (IMM®). The DMM and IMM are available for inspection at any Post Office™ or online at <http://pe.usps.gov/>. The addressee must report damage or missing contents to the delivering Post Office immediately.

Ordinary, i.e. uninsured, Priority Mail International parcels include indemnity coverage against loss, damage or missing contents. Indemnity is limited to the lesser of the actual value of the contents or the maximum indemnity based on the weight of the article. The Priority Mail International Flat Rate Envelope and Priority Mail International Small Flat Rate Box are letter post items and do not include indemnity coverage.

Insured mail service is available for a fee and replaces indemnity on ordinary parcels. Insurance coverage varies by country and is not available to some countries. Indemnity coverage is subject to both U.S. Postal Service® regulations and the domestic regulations of the destination country. Insurance for loss, damage, or missing contents covers the actual (depreciated) value of the contents.

Claims for lost ordinary and insured parcels may be payable only to the sender, and claims for damage and missing contents may be payable only to the addressee. The sender or addressee may waive the right of payment in favor of the other.

FILING CLAIMS: To initiate an inquiry for loss, damage or missing contents, call the International Inquiry Center at 800-222-1811. International indemnity inquiries and claims for loss must be filed within the time limits for the service purchased. All claims for damage or missing contents must be filed immediately and the article, containers, packaging, and all contents received must be presented to the destination Post Office. Evidence of mailing (e.g., original mailing receipts or wrapper), evidence of insurance, and evidence of value (e.g., sales receipt or repair estimate) must be submitted in support of all claims. See IMM and Individual Country Listings for complete regulations at <http://pe.usps.gov/>.

EXCEPTIONS: No coverage is provided for consequential losses, delay, concealed damage, spoilage of perishable items, articles improperly packaged, articles too fragile to withstand normal handling in the mails, or prohibited articles. See the DMM and the IMM for the specific types of losses that are covered, the limitations on coverage, terms of insurance or indemnity and conditions of payment.

IMPORTANT: Indemnity coverage is not paid for Express Mail International or ordinary (uninsured) Priority Mail International parcels containing coins; banknotes; currency notes (paper money); securities of any kind payable to the bearer; traveler's checks; platinum, gold, silver (manufactured or not); precious stones; jewelry, including watches; and other valuable or prohibited articles. See the IMM for complete regulations.
