The Open Joint Stock Company "Baranovichi Cotton Production Amalgamation" is the largest manufacturer of cotton fabrics in Europe and CIS countries. Our amalgamation consists of spinning, weaving, finishing and sewing mills with contemporary equipment and technologies.

Open JSC "BCPA" offers the following goods for sale in the markets of Europe and CIS countries:

1) 100% cotton and mixed yarns. We produce open end and ring-spun yarns for further use by weaving and knitting factories. This product is of high quality which corresponds to physical and mechanical parameters of sort 1, class "A" in accordance with State and European standards as it is produced out of cotton fiber of sort 1, type 5, good and middle classes.

Our mixed yarns contain natural and synthetic fibers in different ratio. Thereby it is possible to combine the properties of different impurities to produce the yarn of the required quality.
