Dear Bruiser's Crew Applicant,

Thank you for your interest in the Bruiser's Crew program! The Bruiser's Crew program is a part of the Way to Success initiative designed to pair student mentors with first-year students to provide encouragement and support from the student perspective.

Thinking back to your own experience on campus for the very first time, navigating the transition to college can be a daunting and sometimes scary process. By creating a network of support, Bruiser's Crew mentors will aid in the academic, emotional, and social adjustments of select first-year students at Pitt Community College.

The Bruiser's Crew Peer Mentoring program at Pitt Community College is about helping students in a meaningful way with a purpose driven approach – retention, persistence and completion.

As a Bruiser's Crew Mentor, you will be specially trained to be an effective resource for students, learning good communication and leadership skills, along with the ability to promote positive academic behaviors and life skills. Our program matches successful continuing students with new students, starting a relationship that could make the biggest difference in a first year student's college experience.

Once you've completed the mandatory training, you'll be paired with a small group of select first-year students in need of assistance in making the transition to college. You'll be expected to communicate with your mentees on a regular, documentable basis, as well as participate in regular face-to-face meetings with the Bruiser's Crew round-table discussions.

Please complete and submit the enclosed application, along with the two sealed nomination forms to be completed by a PCC Faculty or Staff member. **The deadline to submit your completed application and nomination forms is March 14, 2016 in Vernon White Room 4.** Students who are selected to be Bruiser's Crew Mentors will be contacted for a face-to-face interview.
