# ATHLETIC PHILOSOPHY

Win, lose, or draw, there are great values in educational competition. The pitting of one's skills, knowledge, and talent against friendly opponents is a means of learning one's own strengths and weaknesses. Good contests, properly supervised, give youthful competitors the opportunity to gain self-confidence, improve skill, and learn to win with humility and lose with grace.

When we strive honestly to improve ourselves by measuring our progress against our friends, we are raising our knowledge to the limits of our abilities. By pitting our efforts against others, we learn how we stand, and we know what we must do to improve. The self-discipline and sacrifice involved in competition are keys to those same values that will be of great benefit to everyone in life. In the best of competition there are no losers.

Athletic participation is a privilege, not a right.

## GOALS OF INTERSCHOOL ATHLETICS

For the program to be a vital part of the educational program and to insure the achievement of aims for the player, the student body, and the community, the following philosophical goals of athletics were developed:

1. Athletics must be for all students who are physically able to participate.
2. Athletics must (a) be educational, (b) contain desirable authorities, both local and state, and (c) have leadership by regular members of the school staff.
3. Athletic participation should contribute to (a) health and social competence, (b) moral values, (c) a sense of cooperation, (d) self-discipline, (e) a spirit of competition, and (f) a realization of values of group goals.
4. School athletics should be an educational force of great magnitude and should be used as such. A concerted effort should be made to capitalize on all the potential values of school athletics.
5. Judgment of the ability of an athlete should be based on what the participant can do, and not on who the athlete is socially, ethnically, or economically.
6. Athletic contests should always be played with emphasis on fun, physical development, skills, social experience, and good sportsmanship.

# **U. I. L. STATEMENT OF PURPOSE**

The University Interscholastic League believes: That most students enjoy the pursuit of excellence and seek opportunities to test themselves against their own accomplishments and those of their peers,

That such opportunities are best provided through properly conducted and equitably administered competitive activities,

That the classroom is enriched by the flow of student energy into the more intensified arena of competition and back into the classroom.

Therefore, we reaffirm that students are the focus of our endeavor and deserve an opportunity to:

- Define physical and mental aptitudes,
- Nurture self-realization and build self-confidence,
- Feel a sense of pride and dignity,
- Experience teamwork and develop a sense of fair play,
- Develop the ability to lead and the willingness to follow,
- Foster self-discipline and perseverance,
- Learn the need for rules and for the gracious acceptance of decisions,
- Affirm self-worth in times of disappointment as well as adulation,
- Cultivate lifetime skills,
- Complement their classwork with practice and performance,
- Have fun,
- Experience the joy of achieving their potential in a wholesome environment
- and,
- Discover that ultimately the true meaning of winning is doing one's best.

## ***2012-2013 EXTRACURRICULAR HONOR CODE***

---

### **Extracurricular Honor Code**

Participation in extracurricular activities in the Birdville Independent School District is a privilege, not a right. The term “extracurricular activities” means, without limitation, all interscholastic athletics, cheerleading, drill team, academic clubs, special interest clubs, musical performances, dramatic productions, student government, and any other activity or group that participates in contests, competitions, or community service projects on behalf of or as a representative of Birdville ISD. The term includes any non-curricular event and membership or participation in groups, clubs, and organizations recognized and approved by the school district or campus. All extracurricular activity participants are subject to the provisions of this Extracurricular Honor Code.

### **Jurisdiction**

Student participation in extracurricular activities is encouraged. Birdville ISD makes extracurricular activities available as an extension of the regular school program, with this important difference; participation in the regular curriculum is a right afforded to each student, while participation in the extracurricular program is a privilege that carries additional expectations for acceptable conduct. Students engaging in extracurricular activities represent not only themselves, but also other students and the school district when performing, competing, or participating in extracurricular activities and while wearing uniforms or other clothing that identifies the student to the community or public in any setting as Birdville ISD students.

Important goals of the extracurricular program are to give students direction in developing self-discipline, responsibility, pride, loyalty, leadership, teamwork, respect for authority, and healthy living habits.

### **Based on this philosophy, extracurricular participants must do the following at all times:**

- Demonstrate the importance of academic excellence by maintaining eligibility through high academic standards.
- Practice good citizenship in all environments by respecting the property and rights of others.
- Be free from activities that result in felonious charges.
- Demonstrate knowledge of and be accountable for the individual rules of the extracurricular organization as outlined by the sponsor.

It is the responsibility of students, parents, sponsors/coaches, and the respective directors to ensure this high level of expectation. This code applies to all participants of extracurricular activities throughout the calendar year.

## **On Campus Behavior**

All students are expected to adhere to the Birdville ISD Code of Conduct as it applies to school-related activities. Students involved in extracurricular activities are expected to exhibit the highest standards of ethics and conduct.

Students who violate school policies and are placed in in-school suspension, suspended, or sent to the DAEP (District Alternative Education Program), may not practice nor participate during the suspension or placement. Chapter 37 of the Texas Education Code prohibits a student who is assigned to the DAEP from being on a campus or attending a school activity whether on or off campus.

## **Off Campus Behavior**

All students who participate in extracurricular activities are expected to exhibit the highest standards of ethics and conduct while off-campus, and these students may be disciplined for their off campus behavior.

Examples of off-campus violations that will lead to disciplinary action:

- Possession of tobacco, alcohol, steroids, drugs, look-alike drugs, or other illegal substances on campus or at school-sponsored activities
- Being at parties or other activities where tobacco, alcohol, steroids, drugs, look-alike drugs, or other illegal substances are being consumed by other individuals
- Engaging in serious misbehavior, as defined by the Birdville ISD Student Code of Conduct
- Conduct that causes injury or harm to others property or persons
- Using profanity, lewd or vulgar language, or obscene gestures toward others
- Any conduct that results in an arrest
- Sexting or other inappropriate Internet/electronic communications
- Bullying, harassment, and hazing at all times

(This is a non-inclusive list and must be confirmed by the student, student's parent/guardian, law enforcement official or a school employee who has knowledge of a violation prior to the campus administration making a decision.)

## **Off Campus Consequences**

1<sup>st</sup> Offense – Suspension from extracurricular activities for 15 school days

2<sup>nd</sup> Offense – Suspension from extracurricular activities for 30 school days

3<sup>rd</sup> Offense – Suspension from extracurricular activities for a calendar year.

If the offense occurs during the activity season, the suspension begins immediately.

If the offense occurs in the off-season, post-season or in the summer, the suspension begins on the first date of a scheduled game, competition, or extracurricular event the following school year. Students, who are suspended for off-campus behavior may practice but may not participate in competitions, suit-out, or travel with the team for the competitions.

## Non-Inclusive Example of Disciplinary Consequences for Off-Campus

1<sup>st</sup> Offense incident that occurred on March 15:

	PARTICIPANT	DISCIPLINARY CONSEQUENCE
Student 1	Fall Sport	15 day suspension begins date of the first competition
Student 2	Spring Sport	15 day suspension begins immediately if competition has begun
Student 3	Band Student	15 day suspension begins immediately if any competitions remain, if concluded, it will begin on first football competition
Student 4	Cheerleader/Drill Team	Student may still try-out for cheerleader/drill team and 15 day suspension begins on date of first football competition
Student 5	Student Council Member	15 day suspension begins immediately

The preceding table provides examples; but the campus principal, director of student services, and appropriate director may adjust the dates in order to ensure district-wide consistency (based on a consensus of the group). A student who is in multiple activities will serve the penalty once and at the earliest possible time.

### Appeal Process

The parent or guardian may appeal the extracurricular suspension using the format in the Code of Conduct Booklet (DAEP placements).

1. Level I – The parents have three days to appeal the suspension to the campus principal.
2. Level II – The parents have three days from the principal's decision to send an appeal to the Director of Student Services.

Any decision by the Level II Hearing Officer is final and may not be appealed. The student remains suspended from extracurricular activities during the appeal process.

## Acknowledgement

A condition to participating in any extracurricular activity or holding an office (elected or appointed) is to sign an acknowledgement that the student and parent have read and understand the Extracurricular Honor Code. ## DISTRICT POLICIES REGARDING STUDENT/ATHLETES & COACHES

### ATHLETE'S DECISION TO LEAVE SPORT

A student/athlete who wishes to quit a sport while in season shall not participate in the next sport until current sport season is completed. Participation is defined as practice sessions and interschool competition. It is our hope that once a student/athlete commits to a team, he/she will honor the commitment to completion.

### STUDENT/ATHLETE PHYSICALS

Student /athletes will not be allowed to practice nor compete without a physical on file with the athletic trainer at the high school and coaches at the middle school.

### COACHES' TECHNICAL FOULS AND EJECTIONS

A coach receiving a technical foul, penalty for unsportsmanlike conduct, or an ejection must report the occurrence to the campus coordinator and director of athletics.

## HEAT GUIDELINES

The following are precautionary guidelines for coaches and trainers to follow in the prevention of heat related illnesses and emergencies. These guidelines should be strictly followed.

- Gradually Acclimatize Athletes – Start slowly, and take your time getting the student/athletes “back in shape”. Athletes often return to school having lost the aerobic capacity they may have had at the close of last season.
- Ensure that your athletes drink fluids even before they feel thirsty. Always urge athletes to drink water before, during, and after physical activity. They should have unlimited access to cold water. Do not restrict water as a form of motivation.
- Identify Susceptible Athletes – Those athletes who are obese or have a larger muscle mass tend to have more heat related problems. Keep a close eye on these athletes.
- Encourage a Good Diet – Athletes must eat breakfast and lunch to practice in extreme heat.
- Uniforms – Use lightweight workout clothing in hot weather months. Be aware of athletes wearing unnecessary extra clothing.

The Temperature-Humidity Index (THI) is a measurement of ambient temperature and relative humidity. A sling or digital psychrometer measures both to give a THI reading. The Athletic Department will take necessary steps to ensure each of the ten campuses has a tool for measuring the temperature and relative humidity.

Please use the attached chart for the determination of suspension or modification of practice sessions.

## LIGHTNING GUIDELINES

On average, lightning causes more casualties annually in the U.S. than any other storm-related phenomena, except floods. Many people incur injuries or are killed due to misinformation and inappropriate behavior during thunderstorms.

The Flash to Bang method of estimating the distance between you and a lightning flash is most accurate. It is the most reliable, easiest way to estimate how far away lightning is occurring. Thunder always accompanies lightning; therefore, the flash to bang method works like this:

- Count the number of seconds, once lightning flash is sighted, until the thunder (bang) is heard – divide by 5 to obtain how far away (in miles) the lightning is occurring. For example: if an individual counts 15 seconds between seeing the flash and hearing the bang, 15 divided by five equals three; therefore, the lightning flash is approximately three miles away. The SkyScan lightning detector will be used as an aid to the “Flash to Bang” method – the SkyScan detects strikes that are sky to ground, not cloud to cloud.

### The “30-30” Rule

Criteria for Suspension of Activities - By the time the “Flash to Bang” count approaches 30 seconds, all individuals should be inside a safe shelter.

Criteria for Resumption of Activities – Wait at least 30 minutes after the last sound (thunder) or observation of lightning before leaving safe shelter.

### Unsafe Shelter

- Metal or wooden bleachers
- Underneath bleachers
- High places and open fields
- Underneath trees
- Dugouts, flagpoles, metal fences

### Safe Shelter

- Any building normally occupied or frequently used by people
  - Any vehicle with a hard metal roof (not a convertible) and rolled up windows
  - School bus
- 
- 20-40 miles – Awareness of lightning; monitor its progress
  - 8-20 miles – Monitor closely
  - 3-8 miles – Remove athletes from field; play should not resume until 30 minutes have passed without a strike within this range or closer.

## **Facts Regarding the Awesome Nature of Lightning**

- Bolts of lightning reach heat as high as 50,000 degrees.
- There are 16 million thunderstorms per year in the world.
- One half of all lightning bolts divide into two or more bolts.
- A lightning bolt can strike in one million of a second.
- Annually in the United States about 100,000 thunderstorms occur.
- Ten percent of all thunderstorms are capable of producing tornadoes, high winds, and flash floods.
- The average thunderstorm is six to ten miles wide.
- The average rate of travel for a thunderstorm is 25 miles per hour.
- The average lightning strike is six miles long.
- A lightning bolt is incredibly powerful, carrying up to 30 million volts at 100,000 amps.
- Two hundred deaths and 700 injuries are caused annually in the United States by thunderstorms.
- Lightning causes an estimated 5 to 6 billion dollars in direct or indirect property damages each year.
- Florida is the state with the highest rate of incident.

## Physician Protocol Information Sheet

Date of Injury: \_\_\_\_\_

Name of Doctor: \_\_\_\_\_

Date of Evaluation: \_\_\_\_\_

Once the athlete is cleared by a physician to return to physical activity the athlete will be put through the following exertional levels by the Athletic Trainer before returning to play. Once the athlete has completed all 3 levels with no returning post-concussion symptoms the Athletic Trainer will allow the athlete to participate.

### Return To Play Protocol - Examples of Exertional Levels

**Light Levels (day 1):** walking, light jogging, light-intensity stationary bike, light-intensity weightlifting (lower weight, higher reps, no bench no squat)

**Moderate Levels (day 2):** moderate jogging/brief running, moderate-intensity stationary biking, moderate-intensity weightlifting (reduced time and/or reduced weight from typical routine), moderate-intensity swimming

**Heavy Levels (day 3):** sprinting/running, high-intensity stationary biking, regular weightlifting routine, non-contact sport-specific drills (in 3 planes of movement), high- intensity swimming

**\*\*\* CAUTION:** If the athlete experiences a reoccurrence of ANY post-concussion symptoms during or after exercising, he or she will cease activity immediately and rest. He or she may resume activity at a lower level the following day if symptom-free, beginning the progression again.

## Academic Accommodation Recommendations

The following academic accommodations may help in reducing the cognitive (thinking) load, thereby minimizing post-concussion symptoms and allowing the student to better participate in the academic process during the injury period. Needed accommodations may vary by course. This information and recommendations are from the ImPACT<sup>®</sup> Concussion Testing Program being used by BISD.

**Note taking:** Allow student to obtain class notes or outlines ahead of time to aid organization and reduce multi-tasking demands. If this is not possible, allow the student photocopied notes from another student.

***Note taking may be difficult due to impaired multitasking abilities and increased symptoms.***

**Workload Reduction:** Reduce overall amount of make-up work, class work, and homework (we typically recommend 50-75%, though may vary by class), shorten tests and projects. Examples: reduce the length of essays, have student do every other problem in a homework assignment, or highlight key concept areas for testing while eliminating testing on less important topics.

***It takes a concussed student much longer to complete assignments due to the increased memory problems and decreased speed of learning. Recovery can be delayed when a student “pushes through” symptoms. Therefore, it is recommended that “thinking” or cognitive load be reduced, just like physical exertion is reduced.***

**Breaks:** Take breaks as needed to control symptom levels. Example: student may lay head on the desk to rest. For worse symptoms, the student may need to leave class and go to the nurse. The nurse will inform the Athletic Trainers. The student may also be allowed to call the training room directly from your class room if he or she has permission and you allow.

**Extra time:** Allow student to turn in assignments late

***Students may experience severe symptoms some day/nights and not others. With increased symptoms, students are advised to rest, and therefore may need to turn in assignments late on occasion.***

**Testing:** extra time to complete tests, testing in a quiet environment, allow testing in multiple sessions, reduce length of tests, and eliminate tests when possible

***Students with concussions have increased memory and attention problems. They will not be able to learn as effectively or quickly as before. Furthermore, highly demanding activities like testing can significantly raise symptoms (e.g. headache, fatigue) which can in turn make testing more difficult.***

If at any time you feel that the student is abusing their privileges please let one of the Coaches know immediately.

If the doctor prescribes specific accommodations from this list you will receive a copy.

## **Middle School Guidelines for “no cut policy”**

We believe that all middle school athletes should have the opportunity to participate in athletics. We also believe that due to our physical and personnel resources, we must be creative when providing the opportunity. We also realize that some of you have large numbers in your programs; therefore, we would like to give you the following guidelines to ensure all athletes have an opportunity to participate:

- 1) Implement a rotating “B” team so that athletes have an opportunity to play in half of the scheduled games.
- 2) Implement a “C” or “D” team so that student athletes will have an opportunity to play in a competitive setting. (Coaches will officiate the games held prior to the “B” games. The games can be abbreviated)
- 3) Implement a game day once a week one day after practice for those students not on the “A” or “B” team. The games can occur on a non-game day and parents can attend.

As we work to engage and encourage all student-athletes, we believe the above-mentioned suggestions can help you in your unique situation. It is our job to develop young, inexperienced middle school athletes so that they can experience success as they move into high school athletics.

Thanks for your cooperation.

## FUNDAMENTALS

In order to have time to teach fundamentals, we recommend that coaching staffs be split on game days, so that two coaches are assigned game duties and two coaches are handling eighth grade workouts. All teams should have workouts four times a week. An example is as follows:

### **7th Grade Workouts:**

Monday -	work on kicking game in the A.M., game in the afternoon
Tuesday-	10 minutes for cal., 1 hour for defense, kicking game
Wednesday -	10 minutes for cal., 1 hour for offense, kicking game
Thursday -	10 minutes for cal., 1 hour for defense, kicking game
Friday -	10 minutes for cal., 1 hour for offense, kicking game

### **8th Grade Workouts:**

Monday -	10 minutes for cal., 50 minutes defense, 50 minutes offense, 10 minutes kicking game
Tuesday -	Game
Wednesday -	10 minutes for cal., 50 minutes defense, 50 minutes offense, 10 minutes kicking game
Thursday -	10 minutes for cal., 50 minutes defense, 50 minutes offense, 10 minutes kicking game
Friday -	10 minutes for cal., 50 minutes defense, 50 minutes offense, 10 minutes kicking game

### **Rules for 8th Grade:**

# RUNNING A TRACK MEET

- I. **Track Equipment Bag** - may be checked out from the Athletic Office in good condition on Monday before the meet. Bag must be inventoried and signed for at check out and inventoried and initialed upon return.
- II. **Entry Forms** - send out two weeks prior to meet. Have a place for name, time/distance for each event. Have the entry returned at least three days prior to meet. Take entry sheets and assign lanes for each running event either according to times sent in or by an arbitrary choosing. Work up sheet showing each event, school, place for time and results. You also make up field event meet sheets by just listing school, name, distance, height, and result. The field event can be listed by schools alphabetically or any other order you choose.
- III. **Workers** - you should have two score keepers and award workers, one starter, one back up starter, one heating clerk, one finish line clerk, six times, six pickers, ten hurdle setters, three block setters, two finish line string holders, and three workers at each field event (one clerk, two measure rakers, etc.). All workers should be at their station ten minutes before their scheduled time to begin to make sure all is in order - equipment, paper work and participants check in.
- IV. **Scratch Meeting** - 30 minutes prior to first event - allow each coach to scratch or replace any entry in any running event, pick up heat packages and be informed on order of events, time schedule, etc. Field event scratches should be made at the field event with clerk of each particular event. A district scratch meeting will be held prior to the district meet.
- V. **Field Events**- should be started at least 45 minutes before first running event to allow as many participants as possible to be able to compete in their field event before they have to run. Once the running events start while field events are still going on - the rule is that the participant goes to the running event in a reasonable time five to ten minutes). The field event clerk must use common sense in handling a participant who is also involved in a running event, but should never punish the participant by making them hurry their effort after they have been running another event or by disallowing the participant's final effort(s).
  - A. **\*Shot Put** - three workers (one clerk, one marking in the field, and one measuring in the ring). Clerk goes over rules:
    1. Enter and exit back of ring.
    2. Cannot step over toe board or line after throwing.
    3. Must keep shot put in bend of neck - shoulder area.
    4. Must be a push, not a bent arm throw, and check shots making sure all are the same size (weight) - clerk informs participants of throwing order - calls first contestant and telling who is next - watches the contestant put the shot - if NO FOUL, say "MARK" - measure throw from inside of the toe board stretching tape from center of circle to the back divot where the shot landed. Call next contestant - repeats until all contestants have thrown three times. Each contestant is allowed three throws; they may take them in any order. When all contestants have thrown, figure best six places and turn in result sheet to awards clerk in press box.

*Note:* It is the more acceptable practice to measure each of the three throws than to put out stakes, but if you do put out stakes, you need only to put out the best eight throws.

- C. **\*Long Jump** - three workers (one clerk; one raker; one tape-holder). Clerk has contestants check in; goes over jumping order; makes sure jumping board is swept clean; calls first contestant; watches where his/her foot hits on the board; calls "MARK" or "FOUL" according to where foot hits; measure from front of board to furthest back mark in the sand of where contestant landed. Each contestant is allowed three jumps; they may take them in any order. If all jumpers are present, it is most acceptable to jump one at a time until all have jumped going around three times, but it does not have to be that way - you may allow a jumper to jump out of turn if they have other events to compete in. When all have finished, figure top six places and turn in to awards clerk in press box.
- D. **\*High Jump** - three workers (one clerk; two bar-holders). Clerk has contestants check in and goes over jumping order, puts cross-bar on a reasonable height, gives each contestant three jumps at each height until no contestant can clear the bar, figures top six places and turns in to awards clerk in press box.
- E. **\*Pole Vault** - same as high jump

*\*In figuring places in shot, discus, and long jump - further distance wins. In case of ties, second best throw determines winner. In figuring places in high jump and pole vault, highest wins. In case of ties, number of previous misses at lower heights determines winner. All rules should be read over according to NCAA Rule Book and the meet director should make any final decisions on scoring or interpretation.*

- VI. By having the meet well organized and the workers organized knowing their responsibilities, a middle school track meet will run smoothly and the contestants, coaches, and parents will all leave with a good feeling about the contest. Remember to always keep the best interest of the runners in mind when running off the meet. Never try to punish a runner by trying to hurry the meet just to get it over with. However, do not drag the meet out because of inefficiency. Set a fair schedule and try to stick with it.

#### \*\*\*MEET OFFICIALS

Remember that even though an infraction may occur this may not be grounds for disqualification of an individual or team. Always ask yourself, "Did this infraction give an athlete an advantage that resulted in a change in the final finish order?" For example, a runner coming out of the last turn runs out of his lane but does not impair another runner and returns to his lane after several strides. Has this runner gained an advantage? No, he has actually run farther by not running in a straight line.

Few middle school/junior high meets have a sufficient number of officials to judge the events properly. We must all work cooperatively. When asked to assist at a meet, please try to comply.

## GENERAL INFORMATION

School coaches may not:

- Transport, register, or instruct students in grades 7-12 from their attendance zone in non-school baseball, basketball, football, soccer, softball, or volleyball camps (exception: school coaches may hold one 6-day camp in their school district for incoming 7th, 8th and 9th grade students),
- Give any instruction or schedule any practice for an individual or a team during the off-season except during the one in school day athletic period in baseball, basketball, football, soccer, softball, or volleyball.
- Schools and school booster clubs may not provide funds, fees, or transportation for non-school activities.

## GENERAL ELIGIBILITY RULES

According to UIL standards, students are eligible to represent their school in interscholastic activities if they:

- are not 19 years of age or older on or before September 1 of the current scholastic year. (See 504 handicapped exception.)
- have not graduated from high school.
- are enrolled by the sixth class day of the current school year or have been in attendance for fifteen calendar days immediately preceding a varsity contest.
- are full-time day students in a participant high school.
- initially enrolled in the ninth grade not more than four calendar years ago.
- are meeting academic standards required by state law.
- live with their parents inside the school district attendance zone their first year of attendance. (Parent residence applies to varsity athletic eligibility only.) When the parents do not reside inside the district attendance zone the student could be eligible if: the student has been in continuous attendance for at least one calendar year and has not enrolled at another school; no inducement is given to the student to attend the school (for example: students or their parents must pay their room and board when they do not live with a relative; students driving back into the district should pay their own transportation costs); and it is not a violation of local school or TEA policies for the student to continue attending the school. Students placed by the Texas Youth Commission are covered under Custodial Residence (see Section 442 of the *Constitution and Contest Rules*).
- have observed all provisions of the Awards Rule.
- have not represented a college in a contest.
- have not been recruited. (Does not apply to college recruiting as permitted by rule.)
- have not violated any provision of the summer camp rule. Incoming 10-12 grade students shall not attend a baseball, basketball, football, soccer, or volleyball camp in which a seventh through twelfth grade coach from their school district attendance zone, works with, instructs, transports or registers that student in the camp. Students who will be in grades 7, 8, and 9 may attend one baseball, one basketball, one football, one soccer, one softball, and one volleyball camp in which a coach from their school district attendance zone is employed, for no more than six consecutive days each summer in each type of sports camp. Baseball, Basketball, Football, Soccer, Softball, and Volleyball camps where school personnel work with their own students may be held in May, after the last day of school, June, July and August prior to the second Monday in August. If such camps are sponsored by school district personnel, they must be held within the boundaries of the school district and the superintendent or his designee shall approve the schedule of fees.
- have observed all provisions of the Athletic Amateur Rule. Students may not accept money or other valuable consideration (tangible or intangible property or service including anything that is usable, wearable, salable or consumable) for participating in any athletic sport during any part of the year. Athletes shall not allow their names to be used for the promotion of any product, plan or service. Students who inadvertently violate the amateur rule by accepting valuable consideration may regain athletic eligibility by returning the valuable consideration. If individuals return the valuable consideration within 30 days after they are informed of the rule violation, they regain their athletic eligibility when they return it. If they fail to return it within 30 days, they remain ineligible for one year from when they accepted it. During the period of time from when students receive valuable consideration until they return it, they are ineligible for varsity athletic competition in the sport in which the violation occurred. Minimum penalty for participating in a contest while ineligible is forfeiture of the contest.
- did not change schools for athletic purposes.
- **I understand that failure to provide accurate and truthful information on UIL forms could subject the student in question to penalties determined by the UIL.**

I have read the regulations cited above and agree to follow the rules.
