

**Civil Cover Sheet Fill-In Form**

The Civil Cover Sheet Fill-In Form is a six-page document consisting of the following pages:

Page 1: The Civil Cover Sheet Case Filing Form.

Page 2: Additional Plaintiffs (Plaintiff #2 - Plaintiff #4). The Civil Case Filing Form provides space only for one Plaintiff Name (the First Name in the Short Style).

Page 3: Additional Plaintiffs form (unnumbered). Provides space for additional Plaintiffs.

Page 4: Additional Defendants (Defendant #2 - Defendant #4). The Civil Case Filing Form provides space only for one Defendant Name (the First Name in the Short Style).

Page 5: Additional Defendants form (unnumbered). Provides space for additional Defendants.

Page 6: Child Support Information Sheet.

These pages are filled out in Acrobat Reader and printed. Acrobat Reader will not save the filled-in forms. Saving to disk is available only in Adobe Acrobat.

To fill out the Acrobat Fill-In form:

1. Open the Civil Cover Sheet File-In Form **CivilCoverSheet.pdf**.
2. Select the hand tool button  (if necessary).
3. The hand tool changes into an I-Beam pointer  as it passes over a form field. Click to position the I-Beam pointer in a field to type text. The pointer changes into a Pointing Hand  over a Check Box, and changes into an Arrow pointer  if the field is a Combo Box (a dropdown list of options from which to choose).
4. After entering text or selecting an item, check box, or radio button, do one of the following:
 - a. Press Tab to accept the form field change and go to the next form field.
 - b. Press Shift+Tab to accept the form field change and go to the previous form field.
 - c. Position the pointer over a different field and click to accept the previous form field change and select the new field.
 - d. Press Enter to accept the form field change and deselect the current form field.
 - e. Press Escape to reject the form field change and deselect the current form field.
5. Select the next required page using the Bookmarks Navigation Pane or the Page Navigation buttons.
6. Print the completed form.
7. Click **Reset Civil Case Form** to clear all fields and create a new form.

Print Options

Print Options

Click the Print button on the Acrobat toolbar.

Un-check the default **Fit to Page** option. This will result in a slightly larger printed form with smaller page margins.

Un-check **Annotations** if it is checked; otherwise the markers for the Warnings on Pages 3, 5 and 6 will print on the form.

Un-checking these boxes should not be required again unless a new printer is selected.

Print Range: The default Print Range is **All 6 pages**.

Click **Current page** to print only the currently-displayed page.

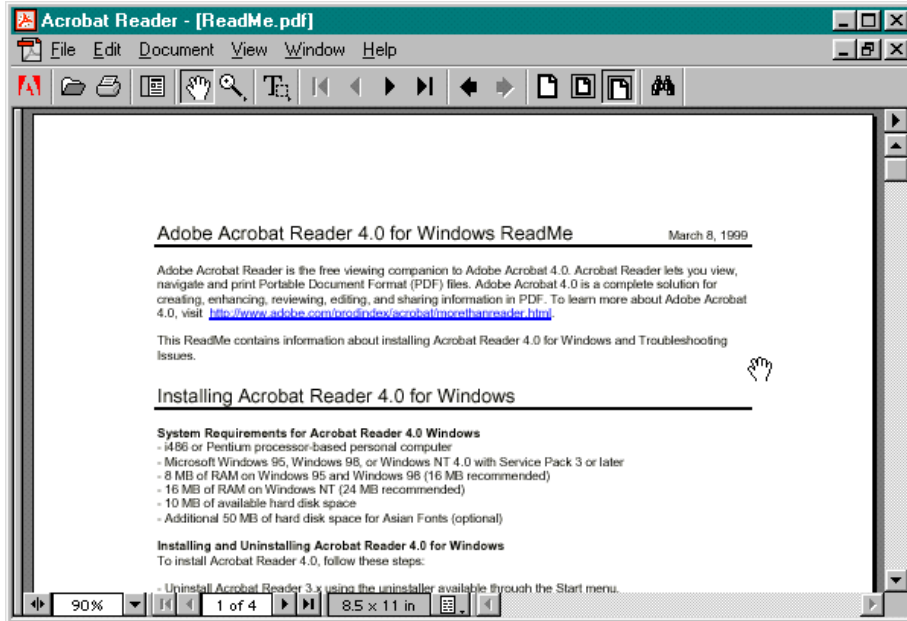

To specify a page range or a specific page, click **Pages from** and type a beginning and ending

page number. To specify one page for printing, type that page number as both the beginning and ending page number.

PDF Document Navigation

Adobe Acrobat Reader displays a PDF (Portable Document Format) file exactly as the author designed it. A PDF file faithfully preserves the look and feel of the original document complete with fonts, colors, images, and layout.

PDF Document in Acrobat Reader Window

PDF Format. Many documents on the Internet are saved in PDF format. Clicking a link to a PDF document starts the Acrobat Reader program, and the PDF document is displayed in an Acrobat Reader window.

A PDF document may contain hypertext links to other parts of the same document, to other documents, images, or sound or movie files.

Viewing a PDF Document. The Acrobat Reader toolbar contains buttons for scrolling through text, viewing pages, and browsing next and previous positions. In addition to the customary vertical and horizontal scroll bars, the following navigation tools are available:

Hand Tool. Acrobat Reader features a **Hand Tool**  rather than a mouse pointer for navigation through a PDF document. Click and hold the left mouse button to "grab" the page  and move the text up and down. Select the Hand Tool, if necessary, by clicking the Hand Tool button  on the toolbar.

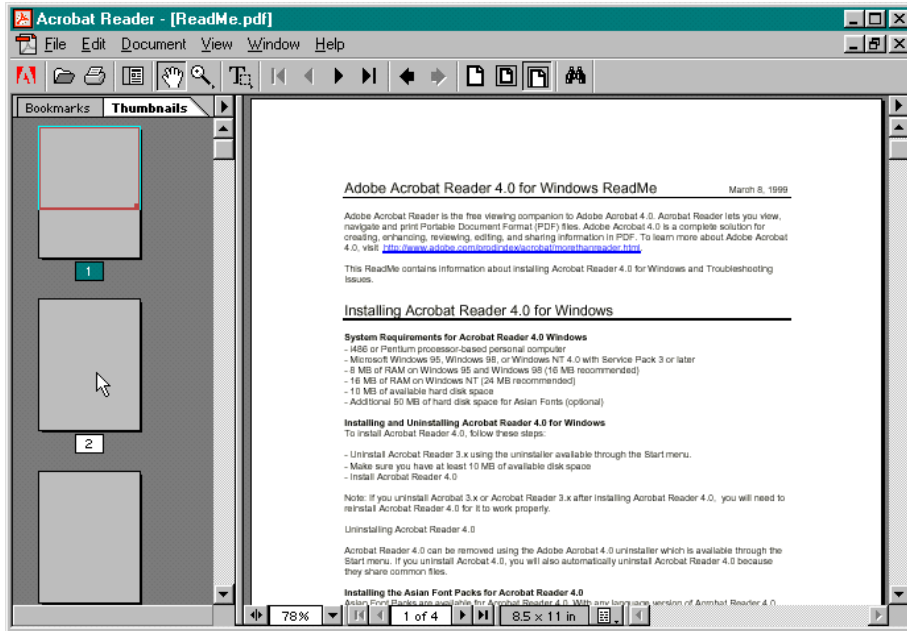

Page Navigation Buttons. Four toolbar buttons  are provided for moving from one page to another in a PDF document.

Next/Previous Page Buttons. Click the Next Page button  to move to the next page. Click the Previous Page button  to move to the previous page.

First/Last Page Buttons. Click the First Page button  to move to the first page of the PDF document. Click the Last Page button  to move to the last page of the document.

Status Bar Navigation Buttons. Similar Next/Previous and First/Last page buttons  appear on the status bar at the bottom of the document window.

Browse Position Buttons. Two browse position buttons  are provided for returning to the previous view  and, after the previous view button has been clicked, returning to the next view .

Navigation Pane With Thumbnail View Selected

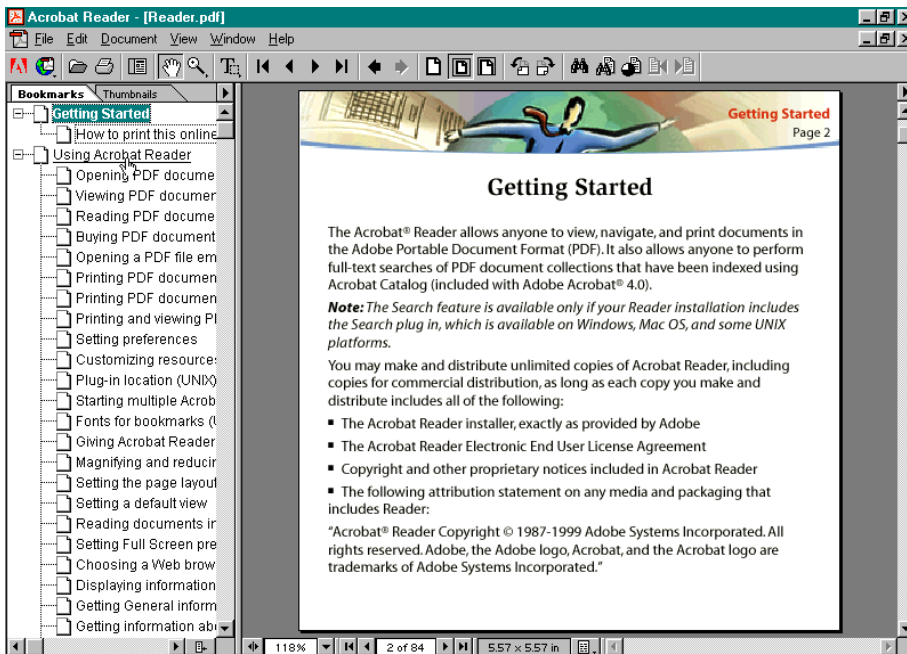

Show/Hide Navigation Pane.

Click the Show/Hide Navigation

Pane button  to toggle the Navigation Pane on or off.

The Navigation Pane may display Bookmarks created by the author of the PDF document or Thumbnails, pictorial representations of the pages of the document.

Thumbnails. Click the Thumbnails tab at the top of the Navigation Pane to view thumbnails of the pages of the document. Double-click a thumbnail to display the corresponding page in the document window.

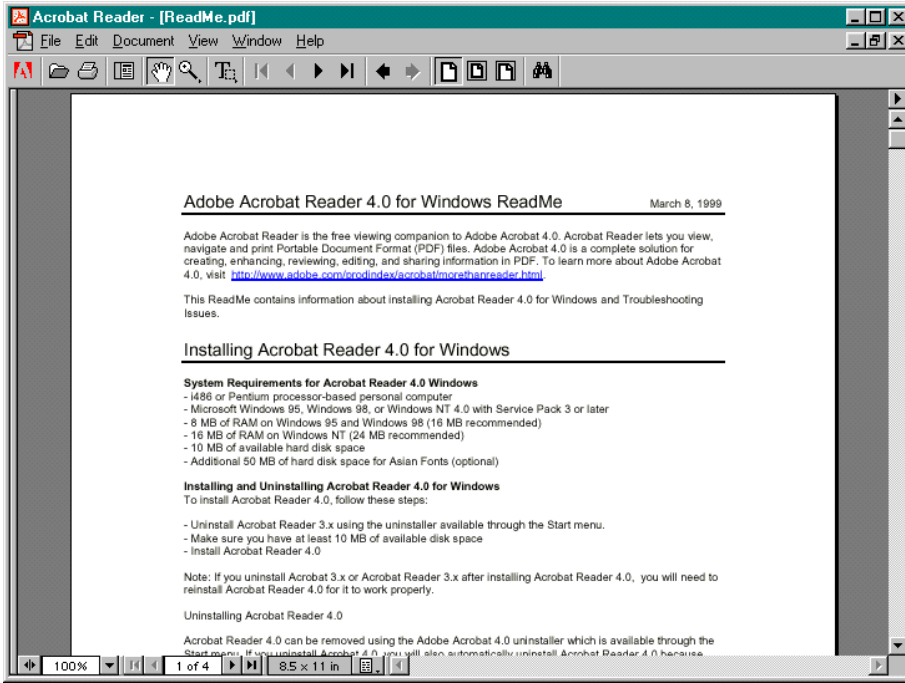

Navigation Pane With Bookmarks View Selected

Bookmarks. Click the Bookmarks tab in the Navigation Pane to view bookmarks the author of the PDF document has created for navigating the document. Click a bookmark to view the corresponding page in the document window.

Thumbnails may be selected regardless of whether bookmarks have been created for the document.

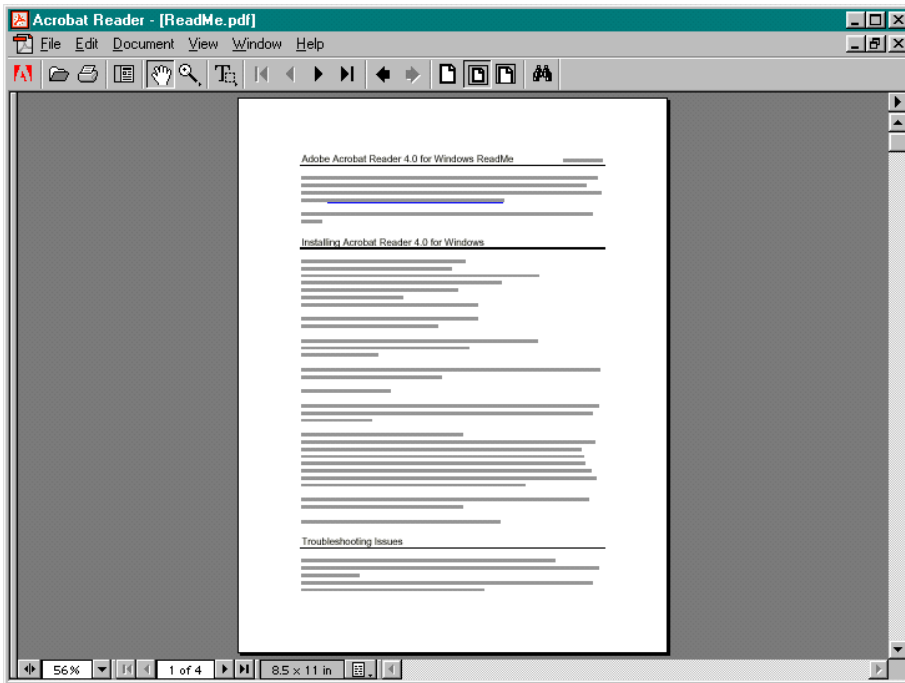

View Zoom Buttons. The view zoom buttons  on the toolbar let you choose between three view zoom types: Actual Size, Fit in Window, or Fit Width.

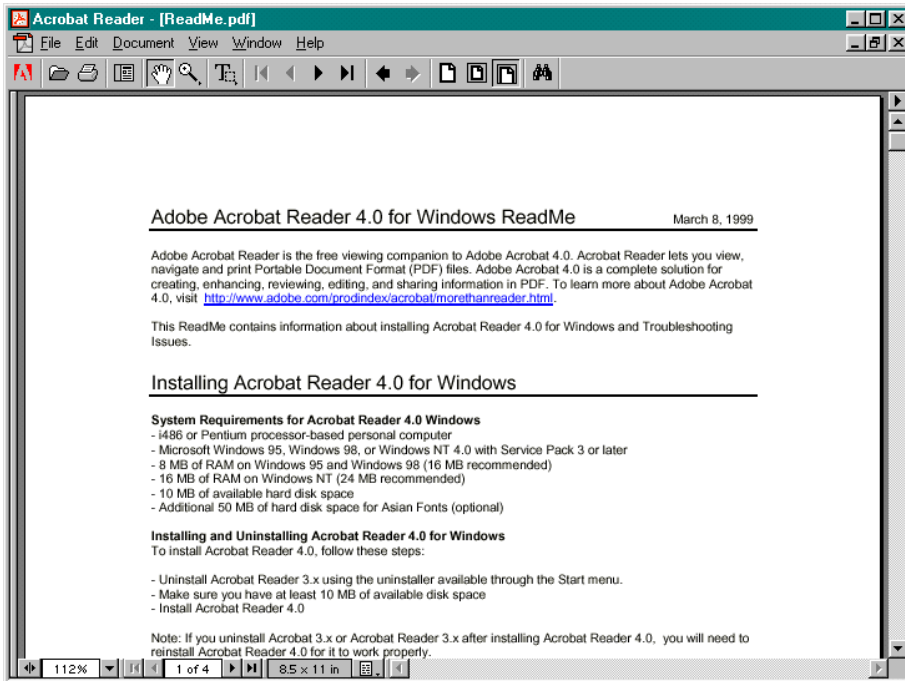

Fit Actual Size

Actual Size: Click the Actual Size button , or click **View > Actual Size**. The actual size for a PDF page is typically 100%, but the document creator may have set it to another magnification level.

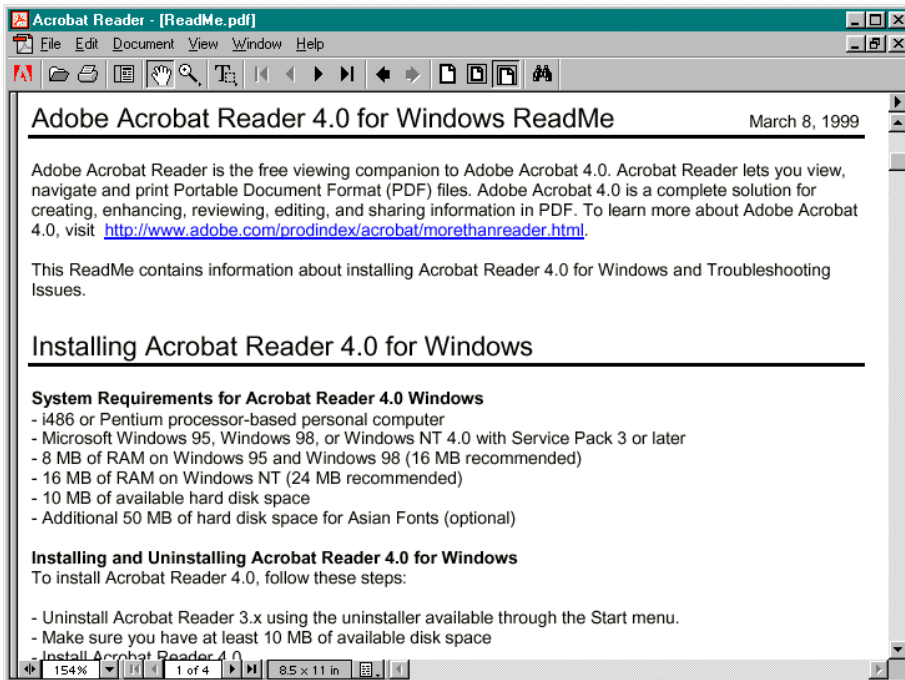

Fit in Window

Fit in Window: Click the Fit in Window button , or click **View > Fit in Window**. This view option resizes the page to fit entirely in the window.

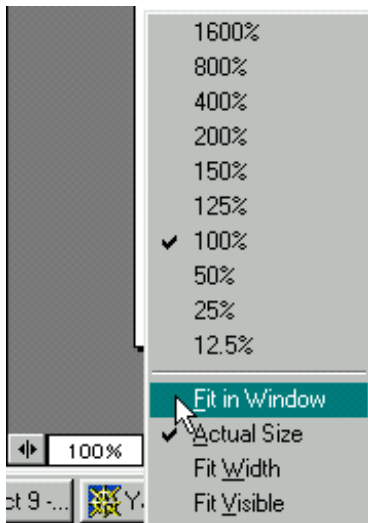

Fit Width

Fit Width: Click the Fit Width button , or click **View > Fit Width**. This view option resizes the page to fit the width of the window. Part of the page may be out of view.

Fit Visible

Fit Visible: The Fit Visible view does not have a toolbar button shortcut. Click **View > Fit Visible**. Part of the page may be out of view.

Variable Zoom

Variable Zoom. To select a view zoom percentage, click the zoom percentage combo box on the status bar at the bottom of the document window. Select from the list of zoom percentage options or select Fit in Window, Actual Size, Fit Width, or Fit Visible from the menu.

Zoom In Tool. The Zoom In Tool button  is used to increase or decrease the magnification of a page. Click the Zoom In button, then click the area of the document window to be magnified. Each click increases the magnification to the next preset level (see variable zoom above).

Zoom Out Tool

Click and hold the Zoom In Tool button to select Zoom Out. Click the area of the document to be decreased in magnification. Each click decreases the magnification to the next lower preset level.

Text Tool. Click the Text Tool  on the Toolbar to copy text from a PDF document. The Hand Tool is replaced by an I-Beam. Click and drag to select text. Click **Edit > Copy** (or right-click and select **Copy**) to copy the selected text to the Windows clipboard.

Find Text

Find. Click the Find button  on the toolbar. Type the word or word pattern, select the desired search options, then click **Find**. The document window moves to the next instance of the word and highlights the word.

To search for the same word, click the Find button and click **Find Again**.

Page Layout

There are three page layouts for viewing PDF documents: **Single Page** layout displays one page in the document window at a time. **Continuous** layout arranges the pages in a continuous vertical column. **Continuous - Facing** layout arranges the pages side by side. To select a page layout, click the **View** menu on the Acrobat menu bar, then choose one of the three layouts. The page layout may also be changed by clicking the layout button  on the Acrobat status bar at the bottom of the document window.
