

# "My Parent & Me" Science Class – Investigating Dinos!

## 5 Week session for Pre-Schoolers

Tuesday mornings 9:30 a.m. to 10:30 a.m.  
Classes available each day for kids ages 2 – 4

The "My Parent & Me" Science Class is a chance for kids and parents to interact, explore, imagine, and discover the world of science. All programs include a creative activity, and a preschool educational program as well as take-home activities and a reading list to continue the learning experience outside of the museum.

Join us on a five-week long journey as we become budding paleontologists.

### November 17: Investigating Dinos

Each week we will explore dinosaurs, the magnificent beasts who lived over 65 million years ago. During this introductory class, we will investigate how dinosaurs might have looked and acted.

### November 24: Fossils & Teeth Oh My!

This Tuesday we will dive into examining and creating fossils. We'll look at teeth of herbivores and carnivores and talk about who eats what!

### December 1: Tracks, Tracks, Everywhere

As December begins, our scientists will be looking at dinosaur footprints and creating tracks of our very own!

### December 8: Egg ID

This week, we will excavate ancient dino eggs and meet an ancestor of the dinosaurs!

### December 15: Where Have All the Dinos Gone?

For our last week, we will ponder why dinosaurs are extinct. Who knows, there may even be an explosion or two!

#### Pricing for this 5 week session:

*(for one adult & one child)*

SUNY Poly CMOST Members: \$45.00

Future Members: \$65.00

Each additional child: \$35.00

*Full payment required to register for program*
