

Dear Valued Customer,

Thank you for purchasing ProLiant software from HP.
This software includes one year of standard business hours phone-in assistance and software update services.

If you have purchased this software through an HP authorized reseller you must register with HP within 10 days of product receipt in order to receive phone-in support and software update services.

For customers in North America:

Fax Complete the customer information section below, including your HP Product Number, and fax this letter to:
(U. S.) 800-307-0361
(Canada) 800-268-1921

For questions, call 800-386-1115, select option 3
Canada call 1-800-268-1221

For customers in other countries:

Provide your customer information to the HP Services Contract Administrator for your country. Contact information for your country is available on the following website: http://www.hp.com/country/us/eng/contact_us.html. Under *find hp*, click on *worldwide sales and services* and navigate to your country contact information.
