

The University of Alabama WellBAMA Qualification Form Instructions

Dear faculty and staff,

Congratulations on taking steps toward improving or maintaining your health! WellBAMA, the University of Alabama's signature wellness program for employees, is designed to promote health and improve quality of life. This annual program includes free health screening (blood pressure, cholesterol, triglycerides, glucose, weight and height), health coaching, and access to health related resources including a preventive exam at the University Medical Center's Faculty/Staff Clinic – available at no charge to you.

We are pleased to continue WellBAMA Rewards throughout 2016. In their first year of participation, UA faculty and staff receive a \$25 direct deposit and become eligible for up to \$125 the following year, based upon their health score. We will be sharing additional information with participants at the upcoming WellBAMA event.

We welcome your annual participation in our WellBAMA health screening event – at either a campus health screening event or coordinated with your health care provider. If you are interested in participating in the WellBAMA Rewards program with your health care provider, please complete the following steps.

- 1. Print off this page and the accompanying two pages.
- 2. Schedule an appointment with your health care provider and take a copy of this form to your health care provider completing the top section of the first page and having your health care provider complete the remaining sections.
- 3. Once the WellBAMA Qualification Form has been completed by your health care provider, please mail or fax the forms to:

MAIL:

Office of Health Promotion and Wellness The University of Alabama Attn: WellBAMA Coordinator Box 870367

Tuscaloosa, AL 35487

FAX:

(205) 348-6238 Attn: WellBAMA Coordinator

The deadline for participating in the WellBAMA Rewards program is December 16, 2016. If you have any questions or need additional information, please contact our office. We look forward to your participation.

Warm regards, Heather Clayton, Office of Health Promotion and Wellness hnclayton@ua.edu | 348-0077

Health Care Provider instructions: Complete all the fields below in the 'Biometric Values' portion, and sign this form. Return the form to the employee/health plan member for submission to the WellBAMA Wellness Coordinator. If the employee/health plan member does not meet one or more of the health measure criteria listed below, document the goals and patient actions in the member health improvement plan on the 2 nd page of this form. Your WellBAMA program is committed to helping you achieve your best health. Rewards for participating in a wellness program are available to all employees. If you think you might be unable to meet a standard for a reward under this wellness program, you might qualify for an opportunity to earn the same reward by different means. Contact the WellBAMA Coordinator (348-0077), hnclayton@ua.edu) and we will work with you (and, if you wish, your doctor) to find a wellness program with the same reward that is right for you, in light of your health status.											
Height:	feet	inches	Weight:		Lbs. Fasting:	Yes	No F	Pregna	nt: Yes	No	
Biometric Screening	Biometric Values		Value Range			Description	n		General Re	ecommendations	
BMI (Body Mass Index)		Good: Acceptab Borderline Unhealth	e: 30 – 34.9		Height to weight ratio t	hat is an ir	ndicator of health ri	sk.	eating a w	se fat weight by ell-balanced, t, get active and egularly.	
Blood Pressure	On Medication Yes No	<120/80 120-139/8 >140/90 >160/115	High		The higher number (sy while your heart is bear represents the pressur between beats.	ting. The le	ower number (dias			every year at ith health care	
Total Cholesterol	On Medication ☐ Yes ☐ No					otal measurement of the many lipids present in your blood.			Check cholesterol yearly if within normal ranges. If		
LDL Cholesterol		<130 mg/ 130-160 i >160 mg/	ng/dl Borderline H	igh	Low density lipoprotein the blood.	n if unhealt	hy fatty substances	s in	outside of normal ranges, consult with health care provider.		
HDL Cholesterol			≤ 40 mg/dl For Men Good cholesterol may help remove the bad choles: ≤ 50 mg/dl For Women from your blood so that it does not clog your arterie								
Triglycerides		<150 mg/ 150-199 i >200 mg/	ng/dl Borderline H	igh	Fats that are stored in	the body a	and used for energ	y.	eating less	osing weight, s sugar and fat, more fiber.	
Glucose	On Medication □ Yes □ No	Fasting <100 mg/dl Normal 100-125 mg/dl Borderline >126 mg/dl High Non-Fasting <200 mg/dl Normal >200 mg/dl Diabetes			Glucose represents the level of sugar in the blood. Glucose rises rapidly after meals and within two hor should return to the fasting value. An abnormally higucose can be indicative of diabetes, but can also caused by other disorders and diseases.			gh	If within normal ranges, maintain a healthy lifestyle. If outside normal ranges, consult further with health care provider.		
Exercise		How many days per week? Moderate intensity = thirty+ min			By having an active lifestyle you are able to improve your risk of heart disease, cancer and diabetes.			Э	Engage in days a weeminutes.	activity five ek for 30	
Tobacco Use	☐ Yes ☐ No (If yes, please check specific type)	Never used or quit >6 months			Tobacco use causes issues such as: lung cancer, Chronic Obstructive Pulmonary Disease, plaque in arteries, premature aging, increased heart rate and blood pressure.				OHPW has trained tobacco cessation specialist available to assist in the quitting process.
