

## ECHO VELOCITY 3.5 LED INTERIOR WALL

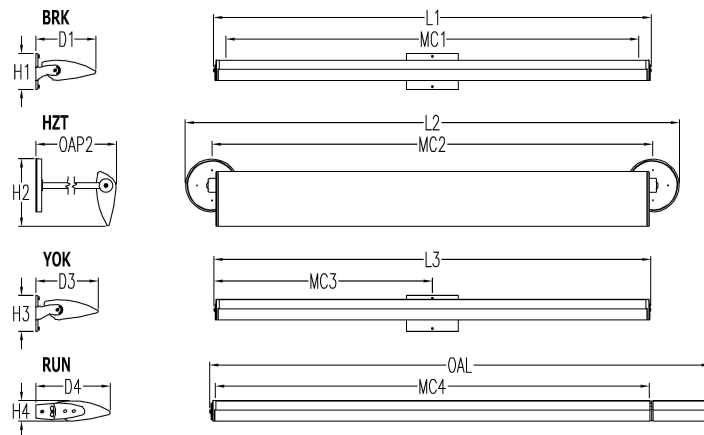

EIW11909

Designed with the unique, asymmetric shape of the Echo Velocity family, Velocity 3.5 LED combines an organic form with long-lasting LED lamp options. Offering interior and exterior versions with multiple mounting options, Velocity 3.5 LED can effectively light an entire project. Velocity delivers the quality illumination and efficient light control the Echo family is known for.

## Weight

Shipping weight: 25.0 lb (11.4 kg).

## Features

- Standard thermoset polyester powder coat paint provides durable protection in a palette of color options. Custom colors available upon request.
- Extruded aluminum construction provides durable protection for internal components and is recyclable.
- Field adjustable housing locks into position, enabling precise fixture alignment for high-quality design performance.
- Stainless steel external fasteners will not rust or corrode.
- Cast aluminum end caps protect internal components and are recyclable.
- Integral Class II power supply included, eliminating the need for remote mounting, simplifying installation.

## Technical Notes

## Accessories

- Dust cover lens standard.

## Electrical

- ETL listed to UL standards (US and Canada) for use in damp locations. Not recommended for exterior applications.
- SPI uses strict quality guidelines in LED selection to ensure the White LED's we use meet or exceed ANSI Binning Standards (ANSI C78.733).
- 0-10v dimmable power supply standard with white LEDs.

## Finish

- Housing and mounting components painted to match, unless otherwise specified.

## Lamping/lamp

- L70 life= 50,000+ hours.

## Mounting

- Aluminum cover fits over a standard 4" octagonal junction box.
- INSTALLATION NOTES: During installation the contractor is responsible to use actual fixtures to ensure accurate mounting centers from one fixture to the next along the length of the linear run.
