

# BYOD User Agreement

The school recognises the need to prepare students for a rapidly changing world where technology plays an increasing role in student's everyday lives. As such, students will be allowed to bring their own devices to school (BYOD) provided they meet the specifications outlined in the BYOD brochure.

Students bring their own device under the following conditions:

The student and family are responsible for:

- Ensuring the device is safe and secure at all times
- Any warranty and insurance on the device
- Maintenance of device (including both hardware and software)

The school will provide:

- Access to Internet through WiFi

Use of the device at school:

- Students must abide by the Learning Technologies Acceptable Usage Agreement
- Students may bring their BYOD to school as an exception to the Mobile phone and other electronic devices policy, provided they DO NOT use their device to:
  - Film, record or take images unless it is supervised by the class teacher and directly part of the class program.
  - Access facebook, any other social media sites or any site that is not directly part of the school educational program and directed by a teacher.

Any misuse of the BYOD will result in normal behaviour management processes applying.
