

PCPCC's 2013 Annual Fall Conference

As implementation of the Affordable Care Act continues amidst mounting pressure to improve quality and reduce costs, the patient-centered medical home (PCMH) has evolved to claim a key foundational role within the larger health care system or 'medical neighborhood.' As a result, providers across the continuum of care are embracing community-based collaborations to manage population health, coordinate care, and ultimately create an accountable, integrated health care system. In October 2013, PCPCC's Annual Fall Meeting will convene hundreds of healthcare professionals across the care continuum to discuss best practices and innovations to help build medical neighborhoods that engage patients and families, providers, payers, and policymakers.

We offer limited opportunities for exhibitors and sponsors to participate and maintain a minimum attendee-to-exhibitor ratio of 40:1. Benefits include visibility and access to all conference participants through print, electronic media, and networking events. In addition, all sponsors are welcome to the invitation-only **Executive Networking Reception on Sunday, October 13th** from 6-8 PM.

For more information about the conference please contact Ana Lojanica at ana@pcpcc.net.
