

Certificate of Analysis

Kit/Product Name: Mouse Liver Total RNA

Catalog Number: 7810, AM7810

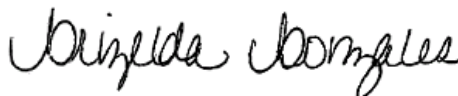

Note: The prefix "AM" will be added to all existing Ambion product catalog numbers, beginning October 30, 2006, to reflect that Ambion is now an Applied Biosystems (AB) Business. This document applies to products with or without the AM prefix.

Lot Number: 03602614A

Quality Control: Ambion is committed to providing the highest quality molecular biology kits and reagents for our customers. Ambion's Quality Control Department certifies that the above lot meets or exceeds minimum passing specifications as outlined in the specification sheet. If any product is found to be nonconforming, our policy is to replace the product or credit the full purchase price and delivery charge.

Ambion guarantees product/kit for 6 months from the date of receipt.
