## Membership Brochure

## What SPA offers...

The School Psychologists' Association of Western Australia Inc. was established in 1989 by a small group of School Psychologists who were keen to provide professional support to and advocacy for School Psychologists in WA. The Association currently provides members with:

A regular newsletter that includes articles of interest, information about relevant websites, associations and professional development opportunities, book reviews and other information of direct relevance to school psychologists

Advance notice of the Association's annual conference and other professional development it organises

Reduced rates for the annual conference and other PD offerings

Membership of the Australian Guidance and Counselling Association (AGCA) through SPA's affiliation with this national body

Access to AGCA's high quality biannual newsletter and journal

Discounted rates for AGCA's national conference held

every two years at various locations around Australia

Representation of the interests of school psychologists to employing organisations

Opportunities to develop collegial relationships with your professional peers

## Who can join...

Membership of the School Psychologists' Association of WA is open to individuals working within the Government, non-Government and Independent education sectors and to tertiary students, according to the following categories and criteria:

**Members** are individuals who have completed a course of tertiary training in education and psychology, which the Executive recognises as suitable training for School Psychologist duties, and are performing or have performed duties recognised as normal School Psychologist practice. Members are eligible for registration as Psychologists in WA.

**Associate Members** are individuals who have completed a course of tertiary training in education and psychology, which the Executive recognises as suitable training for School Psychologist duties, and are performing or have performed duties recognised as normal School Psychologist practice. Associate Members are eligible for provisional

registration as Psychologists in WA.

**Student Members** are individuals who have completed at least three years of a course of tertiary training in education and psychology, which the Executive recognises as suitable training for School Psychologist duties, and who anticipate performing duties recognised as normal School Psychologist practice.

Members and Associate Members have full voting rights.
