ANNUAL NGO CONFERENCE

*"Celebrating a Twenty-Five Year Journey
of Global Advocacy and Action"*

Focus: *A retrospective journey of the WMS involvement on the global stage and its participation at the United Nations over the past 25 years.*

Since its inception The Women's Missionary Society has been involved in efforts to foster positive change in the lives of women and girls; promote peace and justice, through global and local initiatives; highlight health and wellness issues; and address human rights issues. In 1985, when Wilhelmenia Lawrence successfully entered the WMS into the United Nations global family of Non-Governmental Organizations, we are sure she had a vision for the future that looks a lot like the work that is currently being carried out. With the birth of the NGO Conference in 1988, the work was opened for broader society involvement, with the hope that the sharing of vital information at the seat of the United Nations might awaken a global awareness and foster a new mindset around global issues as they relate to the mandates of the WMS throughout the Connection. TODAY, WE CELEBRATE THE HISTORY AND THE VISION....
