GENERAL CONTRACTOR/BUILDER: _____

The state of Georgia has adopted as State law the 2006 edition of International Conservation Code. This Code regulates the design, erection, construction, alteration and renovation of buildings. The designer/builder shall comply with the standards of the Code, which are applicable.

This Code contains requirements for energy conservation and became effective on January 1, 2007. Compliance with this Code by designers and builders is mandatory.

I certify that the above permitted structure shall be built in accordance with the 2006 International Energy Conservation Code.
