

PAY IT FORWARD
MEALS FOR HAITI

The Rotary Club of Bedford

This Haitian school was visited by one of our Bedford Rotarians who witnessed the level of poverty and hunger in this country.

Stop Hunger Now, our distribution partner, gets the food where it is most needed and securely delivered.

On Saturday, April 25 2015, teams of volunteers will assemble in Bedford to package over 100,000 meals at MCC Bedford Campus. Our goal is to send these meals to hungry school children in Haiti*, this will help ensure that the children receive one hot meal per day, these meals will be delivered by our distribution partner, *Stop Hunger Now.*

Sponsorship Benefits

All sponsors will be mentioned in public relations materials before and after the event. Additional benefits by level include:

Helper: Website Recognition
Partner: Exhibit Table
Leader: Onsite Poster Listing & Exhibit Table
