

Would You Be Willing To Drive On A 4th Grade Field Trip?

Greetings Parents:

Note: this form can be filled on in Microsoft Word – click inside fields

Not knowing how many buses will be approved for our trips, it is essential that I check out our car pooling potential among the parent community. While I don't know how many carpools will ultimately be utilized, it is certain we will need some drivers to supplement our bus seating for field trips. We will not use buses for all of the trips, but we definitely will for Annapolis and St. Mary's City. If any parents are registered as van drivers with the church office, a van would also be available for our use, but only to shuttle chaperones. Although the van holds 15 passengers, we are limited to 12 passengers due to insurance purposes. In order to plan for field trips this year, I would like to know if you would be willing to drive your own vehicle or a Forcey Van on one of our field trips.

If you are willing to drive on any of our field trips, please respond to the following short survey.

===== Driver Survey =====
