Contributions

Your contribution must be a personal gift and it must be directly paid, not merely pledged, to an approved institution in cash or securities. The basis for matching securities is the value at time of transfer. If you have indicated a specific department or purpose for your contribution, the matching gift will be designated for that same use.

Administrative Conditions

The Dow Chemical Company Foundation reserves the right to suspend, change, or terminate this program at any time. The interpretation, application and administration will be determined solely by The Dow Chemical Company Foundation, whose decision will be final. Dow will only process matching gift program requests within twelve months from the original contribution date. It is also assumed that the academic institution will acknowledge receipt of The Dow Chemical Company Foundation's check to the donor.

Non-Discrimination Statement

By accepting funding from The Dow Chemical Company Foundation, or any of its affiliates, all grant recipients agree that no person will be excluded from agency services, employment or volunteer participation on the basis of gender, race, HIV/AIDS status, sexual orientation, gender identity, disability, age, ethnic origin or other inherent personal characteristic protected by law.
