

SEBRING INTERIOR WALL

AIW9674

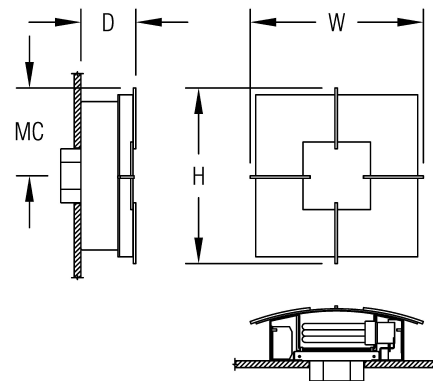

JOB NAME

TYPE

EMI
ADA

The Sebring ADA compliant sconce with integral emergency battery back-up option provides a designers "eye" to the world around it. Optional color gels can be provided to give the "eye" a splash of color while offering visual interest in any space. The fixture can be designed for any application where ADA compliance, path of egress lighting, and sophisticated styling is required. Choose from a palette of painted and metal finishes.

Dimensions

W	H	D	MC
13.0 in	13.0 in	4.0 in	6.5 in
330 mm	330 mm	102 mm	165 mm

Weight

Hanging weight: 25.0 lb (11.4 kg).

Features

- Integral Class II power supply included, eliminating the need for remote mounting, simplifying installation.
- TL (top lens) and BL (bottom lens) standard with any LED module.
- Formed metal construction provides durable protection for internal components and is recyclable.
- Solid metal accents add high-quality, decorative element to fixture.
- Fixture adds a splash of color to a space with theatrical color gels. Standard colors are available with other colors available upon request. Contact factory to customize a color gel that coordinates with your application.
- Emergency battery provides a minimum of 90 minutes illumination, meeting National Fire Protection Association Life Safety Code requirements. Consult factory for lumen output.
- Compliant with Americans with Disabilities Act (ADA) requirements.

Technical Notes

Electrical

- Advent uses strict quality guidelines in LED selection to ensure the white LED's we use meet or exceed ANSI Binning Standards (ANSI C78.733).
- Integral electronic fluorescent ballast utilizes the latest energy-saving technology to maintain consistent color temperature, CRI and lumen maintenance, while eliminating the need for remote mounting and simplifying installation.
- ETL listed to UL standards (US and Canada) for use in damp locations. Not recommended for exterior applications.

Lamping/lamp

- L70 life= 50,000+ hours.
- Fluorescent lamps are 3500K unless specified.

Mounting

- Mounts to standard 4" octagonal junction box.
